

# 92 BODIES REMAIN IN WRECKED MINE

## M'Lean Agent Casts Light On Mystic Wires

**John F. Major Is First Witness  
Called After Committee Re-  
opens Public Hearing**

**MESSAGE MENTIONS SLEMP**

**"Willis" Referred to in Tele-  
grams Is Said to Be Pub-  
lisher's Attorney**

**BULLETIN**

Washington, D. C.—Senator Len-  
root of Wisconsin has resigned as  
chairman and member of the public  
lands committee which is investigat-  
ing the oil scandals. His letter of res-  
ignation fell on the way here from  
Southern Pines, N. C., where he has  
been for a week resting.

Washington, D. C.—After an hour  
and a half examining telegrams from  
Three Rivers, N. M., the oil commit-  
tee resumed its public hearings Tues-  
day by recalling John F. Major, one  
of E. B. McLean's agents.

Major said McLean had not told  
him about the conference which the  
Washington publisher had with Al-  
bert E. Fall at Atlantic City in mid-  
December, before Fall wrote the com-  
mittee he got \$100,000 from McLean.  
The witness testified last Saturday  
that it was at this conference that  
McLean and Fall discussed the testi-  
mony the latter was to give before  
the oil committee.

Under pressure of a hard-riding  
cross examination, John F. Major,  
confidential man to Edward B. Mc-  
Lean explained to the oil committee  
Tuesday some more of the mysteries  
of the "mystic wires."

**SLEMP MENTIONED**

One of these referred to without  
name in the messages, he said, was  
C. Bascom Slemp, with whom he de-  
clared he had returned from Florida,  
and upon whom he had called several  
times since at Mr. Slemp's invitation.  
He insisted the calls were "purely so-  
cial."

The code word "eyed" he explained  
as referring to E. S. Rochester, at-  
tached to the office of Attorney Gen-  
eral Daugherty, who had asked him  
on one occasion to come to the depart-  
ment and had indicated "that some-  
thing" might be expected soon, but he was hazy as to details.

"The mysterious Willis" referred to  
repeatedly in the telegrams as look-  
ing after McLean's interests finally  
was identified by Major as Wilton J.  
Lambert, the publisher's attorney.

**REFERRED TO BARUCH**

Asked later why the "Willis" and  
"Lambert" had appeared in the same  
telegram, the witness replied there  
was "no explanation."

At another point in the telegraph  
exchange, Major declared "The party  
referred to Bernard M. Baruch of New  
York." He said he had talked to  
Baruch about McLean's situation and  
the former had declared it was "too  
bad."

Toward the end of his questioning  
the witness protested against the form  
of queries put to him and finally said  
his employer had been wronged by  
the general belief he "didn't want to  
come before the committee and testi-  
fy."

"Absolutely none," he said when  
asked directly whether there had  
been any hesitation about the publi-  
sher's coming to Washington. "Mr.  
McLean's one as far as he could for  
a friend."

## FAVOR UNDERWOOD IN STATE BALLOT

**By Associated Press**

Birmingham, Ala.—Alabama voters  
were Tuesday participating in the  
state's first preferential primary.  
Fair weather prevailed and a heavy  
vote was expected.

Three Democratic candidates were  
before the people—Senator Oscar W.  
Underwood, L. B. Musgrove and M.  
A. Dinmore. The successful candi-  
date will have the privilege of naming  
the state's delegation to the national  
convention.

Senator Underwood, his adherents  
say, will carry his home state "by an  
overwhelming majority." If he loses,  
it is admitted it will be a blow to his  
hopes of nomination.

**VETERAN OF BATTLE OF  
MOBILE BAY, 76, IS DEAD**

Mainfield, N. J.—Amos Andrews,  
believed to be one of the last  
surviving members of the crew of  
the Vicksburg, Admiral Farragut's  
flagship at the battle of Mobile Bay,  
died at the Muhlenberg hospital here  
Monday night in his seventy-sixth  
year.

## M'ADOO'S FATE HANGS ON THREE MARCH BALLOTS

Georgia, North Dakota and  
South Dakota Hold Pri-  
maries This Month

**UNDERWOOD SLAPS KLAN**

Reed's Defeat in Missouri Was  
Welcome News to Support-  
ers of Wilson Man

**BY DAVID LAWRENCE**  
Copyright 1924 by the Post Pub. Co.  
Washington, D. C.—Although the  
McAdoo boom for the presidency has  
been theoretically killed off at least  
it keeps on going and the real test  
of what public opinion is will come  
in three presidential primaries this  
month—Georgia, North Dakota and  
South Dakota.

The primary in Alabama on Tues-  
day of this week has been expected  
to produce an endorsement for Sen-  
ator Underwood whose opponent L.  
B. Musgrove is friendly to McAdoo  
but the former secretary of the treas-  
ury has formally denied that he is  
the inspiration of the Musgrove cam-  
paign or its ultimate beneficiary.

Senator Underwood's strength in  
the south is increasing. He has the  
confidence of the conservative ele-  
ments and has been courageous  
enough to denounce the Ku Klux  
Klan which in itself is no tri-  
vial thing to do in the hot-bed of Ku Klux-  
ism.

## SEEK PROOF OF STRENGTH

The North Dakota primaries are to  
be held on March 18, and the Georgia  
primaries on the following day. The  
supporters of McAdoo have staked  
all on the result. They wish to prove  
that the oil disclosures have had no  
effect on McAdoo's prestige and that  
if he can carry a southern state in  
which Senator Underwood is enter-  
ing, he can win a western state  
like North Dakota where presumably  
the opposition to a corporation law-  
yer would crystallize as soon as any-  
where else in America, the McAdoo  
campaign will have survived the  
recent attacks upon it.

## McAdoo Already Has the Endorse- ment of the County Proposal Con- vention in South Dakota

McAdoo already has the endorse-  
ment of the county proposal con-  
vention in South Dakota whose pri-  
maries will be held on March 25, but  
there is an unopposed slate run-  
ning against him. In Georgia, Mc-  
Adoo is counting upon the old Wil-  
sonian elements. In North Dakota  
there is a bitter factional fight but  
there are two slates of delegates al-  
ready committed to McAdoo.

The New Hampshire primaries  
were to be held Tuesday but there  
was not expected to develop any real  
test of sentiment with respect to  
Democratic candidates.

The recent primary in Missouri in  
which Senator Reed failed to carry  
his own state is construed by Mc-  
Adoo men as triumph, for while they  
could not win the state themselves  
they did succeed in blocking the en-  
dorsement of the man they hold re-  
sponsible for the recent attack on Mc-  
Adoo. It was Senator Reed who,  
when E. L. Doheny was recalled to  
the witness stand, asked the questions  
which brought on the controversy  
over the eligibility of a candidate who  
had accepted large fees from corpora-  
tions for legal services.

Some of the most important men in  
the McAdoo boom will admit their un-  
certainty over the outcome in June,  
but they feel it their duty to give Mc-  
Adoo his run in the primaries and if  
the people approve of him and his  
strength grows between now and  
the time of the democratic national  
convention, these backers will con-  
tinue their support. If, on the other  
hand, McAdoo fails to go to the con-  
vention with a controlling number of  
delegates, the chances are the Mc-  
Adoo supporters will keep together  
for the purpose of throwing their  
strength to the man they want nomi-  
nated in place of McAdoo. There is  
one thing certain at this writing—the  
forces behind McAdoo are very likely  
to control the next Democratic na-  
tional convention and select the stand-  
ard bearer of the party.

## COTTON SPINNERS TAKE UP WORK TO END STRIKE

Manchester, England—Work was  
resumed Tuesday at the Thornham  
cotton mill near Royton, where a  
strike had threatened to result in a  
lockout of some 150,000 operatives by  
the Cotton Spinners' federation. The  
dispute arose through the introduc-  
tion into the Thornham mill of an ex-  
tra machine, imposing increased work.

## RUSSIAN CONCLAVE WITH RUMANIANS IS POSTPONED

**By Associated Press**

Berlin—The conference between  
Russian and Rumanian representa-  
tives over the Bessarabian question,  
which was to have opened in Vienna  
Tuesday, has been postponed until  
March 21, it was announced by the  
Russian embassy here.

## Decide Fate Of Ludendorff

Here is a group of justices and assistants in the Munich, Germany High Court, who are trying General von Ludendorff, Adolf Hitler and others. The charge is high treason.

## EMERGENCY FUND O. K., COURT SAYS

Decision Rules Law Is No Inno-  
vation and No Delegation of  
Authority

**By Associated Press**

Madison—That the emergency fund  
law is no innovation in legislative history,  
the emergency act is not a  
delegation of legislative authority and  
that two members of the board are  
sufficient to vote funds under the  
law are statements made in the  
opinion in the state normal regent's  
case against Secretary of State Zim-  
merman which was handed down  
Tuesday by the supreme court. A  
memorandum giving the court's ruling  
was handed down last week.

"In the present case no attempt  
was made to confer legislative power  
upon the three state officers,"  
the ruling, written by Justice Jones  
declared.

"The application although indefi-  
nite in amount was complete when  
the bill became a law although no ex-  
penditures under the application  
were made until certain facts were  
to be certified by the public officers."

The court sustained the normal  
board in all its contentions.

Justice Eschweiler dissented to the  
majority opinion.

## EKERN SEEKS WRIT IN BANK TAX CASE

Attorney Would Force Decision  
on Revenue Collection From  
State Banks

**By Associated Press**

Madison—Application for authority  
to file original action to compel the  
circuit court of Milwaukee to collect  
taxes against state and national  
banks was filed in the state supreme  
court Tuesday by Attorney Herman  
L. Ekern.

The application seeks to have the  
supreme court take original jurisdic-  
tion of the bank tax question. Suits  
involving the same question are pend-  
ing in Milwaukee state and federal  
courts. The application for man-  
damus, of the attorney general is in  
the nature of a friendly action, seek-  
ing final determination of the valid-  
ity of state taxes against banks.

Hearing on the application was  
postponed until Friday morning to  
give time for attorneys for the banks  
to appear. Walter J. Matelson, as-  
sistant city attorney of Milwaukee  
entered a motion to quash the writ  
in order that all questions of law  
might be brought before the court for  
determination.

It is estimated that over two mil-  
lion dollars in taxes is involved in  
the proceedings. If the supreme  
court assumed jurisdiction of the  
case, arguments will be asked at the  
May term of the court.

## FIRE DEPARTMENT PUTS OUT KLANSMEN'S CROSS

Chippewa Falls—Blazing forth in  
a field on the south side of the city,  
a 12-foot cross illuminated a portion  
of the city Monday night and caused  
the fire department to be called out.  
It was the second fiery cross to be  
burned here since Feb. 9.

## WELSH SONGSTERS SING AT HARDING MEMORIAL

Marion, O.—Memorial services were  
conducted at the tomb of Warren G.  
Harding Monday by 25 Welsh singers  
touring America. The late president's  
favorite song, "In the sweet bye and  
bye" and several other numbers were  
sung.

## Judge Tells Of Wreck On Desert Isle

**By Associated Press**

Albany, Ga.—Returning home after  
an absence of more than five months  
during which he was shipwrecked and  
spent two months on an almost des-  
olate island in the West Indies, to  
find his wife in charge of his office  
and entered in the primaries to suc-  
ceed him, Judge William E. Smith of  
Dougherty-co. Tuesday had resumed  
his place in the community from  
which he mysteriously disappeared  
last October.

According to his story, Judge Smith  
several years ago met a man named  
Frank Rittenhouse of Baltimore at  
Miami, Fla. and a mutual friend-  
ship for the sea and Rittenhouse's pos-  
sion of a 65 foot power cruiser, led to  
a warm friendship.

Early in October, soon after Judge  
Smith left Albany, he said, the two  
made a cruise to the Bahama islands  
and remained there several days. On  
Nov. 24, Rittenhouse, Smith and a  
man named Charles R. All, of Bal-  
timore, left Miami, expecting to go  
to Buenos Aires.

Three weeks later the cruiser was  
wrecked in a tropical storm and the  
and the three white men and a Negro  
member of the crew were washed  
ashore on an island 125 miles north  
east of Santo Domingo.

They located several small houses  
on the beach, occupied by fishermen  
who spoke Spanish French. Judge  
Smith said. Here the shipwrecked  
men remained a short time until a  
steamer picked them up.

In about two weeks the party ar-  
rived at Santo Domingo. Here they  
secured passage on a sailing vessel  
and arrived at Tampa, Fla. last Wed-  
nesday.

## AMERICAN SOCIETY SLAPS CZECH LAWS

**By Associated Press**

Schenectady, N. Y.—An open letter  
to President Masaryk of Czechoslo-  
vakia protesting what are termed  
brotherly promises to the Slovaks and  
persecution of the Catholic popula-  
tion of the republic has been made  
public by the Slovak Catholic Federa-  
tion of America, here Tuesday. A copy  
has been sent to President Coolidge.

Confiscation of Catholic institu-  
tions, the passage of "shackling  
laws and attempts to undermine the  
Catholic spirit are alleged.

## SEEK COMPROMISE TO AVERT ACTORS' STRIKE

**By Associated Press**

New York—Plans for a compromise  
to avert an actors' strike June 1, are  
under consideration.

The managers it is said propose to  
guarantee that at least 80 per cent  
of the actors employed by them shall  
be members of the Actors' Equity as-  
sociation and that the rest shall pay,  
either to the actors' fund or to an  
other recognized theatrical charity,  
an amount equal to the equity dues.

## GERMAN STATESMEN USE PLANES TO MAKE TOURS

Berlin—German cabinet officials in  
their endeavors to make two or three  
speeches daily in cities far apart have  
resorted to the air plane. Dr. Strese-  
mann, minister of foreign affairs,  
spoke in the Reichstag here recently  
and at the conclusion of his address  
went by air to Dresden where he  
spoke that night. Before noon the  
next day he was back at his desk in  
Berlin.

## COMINGS ATTACKS BLAINE TAX PLAN

Lieutenant Governors Hints at  
Collusion of Chief With  
Businessmen

**By Associated Press**

Whitewater, Wis.—An attack on tax  
measures advocated by Governor  
Blaine before the last legislature was  
voiced by George F. Comings, Lieut-  
enant governor, in an address before  
Whitewater normal students here  
Monday night. He declared that the  
tax bill, submitted by the governor  
was "ambiguous, unworkable and vi-  
cious."

"There are three possible theories  
to account for the governor's bill,"  
Mr. Comings said. "First, that the  
governor desired the defeat of tax  
relief measures to make them an is-  
sue in another campaign; second,  
that he had entered into an agree-  
ment with business interests in Mil-  
waukee that there should be no new  
tax bill passed, and third that the  
governor was unable to put through  
the kind of legislation desired."

## VON KAHN ON STAND IN TRIAL OF HITLER

Former Bavarian Dictator Tes-  
tifies Without Taking  
Oath

**By Associated Press**

Munich—Dr. Von Kahr, the former  
Bavarian dictator, was called to the  
stand Tuesday in the trial of General  
Ludendorff, Adolf Hitler and others  
charged with treason in connection  
with last November's "putsch."

Von Kahr testified without taking  
the oath. The presiding judge ex-  
plained this procedure as due to indi-  
cations that Von Kahr had partici-  
pated in preliminary meetings which  
led up to the attempted coup.

Von Kahr began his testimony by  
describing his activities as state com-  
missioner in September of last year  
and his belief that all the German  
states should cling together so as to  
uphold the Reich and the fatherland.

## SNOW FLURRY CAUSES MAIL TO BE MANY HOURS LATE

Monday's snow flurry, while at  
trailing but little notice here, caused  
considerable irregularity in transpor-  
tation and the mails. Mail from Mil-  
waukee via the Ashland division de-  
parted at 6:12 Monday evening but did  
not arrive until 3:20 Tuesday morning,  
because train No. 153 of the Chicago  
and Northwestern railway was block-  
ed by snow drifts near Manitowish  
Water. When the train arrived at Appleton  
Tuesday, it left the mail there for the  
next train to pick up and take into  
Appleton. But it had already missed  
train No. 217 due at 2:35 in the morning  
from the south on the Wisconsin  
division. The mail was consequently  
not brought into Appleton until the ar-  
rival of train No. 121 due here at 8:30  
but which also was late.

## QUAKES ROCK KAMCHATKA DURING PAST TWO MONTHS

**By Associated Press**

Moscow—Extraordinary volcanic  
activity accompanied by earthquakes  
has been in progress on the Kamchat-  
ka peninsula for two months, says a  
Petropavlovsk dispatch today. Snow  
and typhoons alternated with warm  
rains. The earth shocks occurred "at  
most daily."

Of the numerous volcanoes on the  
peninsula more than a dozen are in  
eruption. The population, however,  
remains tranquil.

## Blizzard Adds To Difficulty Of Rescue Work

## Soda Fountain Offers Triple Choice Of Rum

**By Associated Press**

Pittsburg, Pa.—Patrons of a soda  
fountain bar here when asked to  
"name your poison" had three  
choices, according to police who raid-  
ed the place.

From one of these spigots flowed  
white moonshine whisky, from the  
second came colored moonshine whis-  
ky and from the third poured gin.

Three copper tanks on the floor  
above fed the remodeled soda water  
dispenser. A. T. Beatty and his  
brother James, dispensers are await-  
ing trial on a liquor law violation  
charge.

## WARRANT NEEDED TO SEEK LIQUOR

Supreme Court Reverses Find-  
ing in Fond du Lac Cases;  
Arrest Was Illegal

**By Associated Press**

Madison—Search warrants must be  
held before a person can be arrested  
for transporting liquor or searched,  
the supreme court ruled Tuesday in  
the case of Melvin J. Allen vs. the  
state. The court reversed the finding  
of the lower court which held that ar-  
rests without a warrant were legal.  
The court ordered a new trial for  
Allen who was arrested at Fond du  
Lac on a charge of transporting  
liquor without a search warrant. In  
its opinion, written by Justice Charles  
H. Crownhart, the court held that "the  
search and arrest were illegal."

"The police officers did not find the  
defendant violating any law until af-  
ter his illegal search and arrest, when  
they discovered evidence leading them  
to believe he was violating a law of  
the state," the opinion stated.

"This statute cannot be construed to  
give police officers the right to find  
a person guilty of the offense by il-  
legal arrest or illegal search."

If officers might waylay a pedes-  
trian without warrant and search his  
person opportunity would be open for  
the night prowler and robber to hold  
up then victims under pretense of of-  
ficial authority, search their persons  
and take their valuables without re-  
sistance.

The court did not hand down a de-  
cision in the Theodore Bobinsky case  
which involves validity of a number of  
features of the prohibition act.

## MEXICAN REBEL CHIEFS GIVE UP

**By Associated Press**

Mexico City—The continued sur-  
render of rebel leaders is reported.  
General Jose Domingo Ramirez  
Garcido, formerly on the staff of Gen-  
eral Enrique Estrada, Jalisco rebel  
commander, has given himself up in  
Mexico city. It is said.

Despatches from Guadalajara say  
General Jesus Novoa has surrendered  
in that city, while Petrolino Flores  
has turned over his forces number-  
ing about 1,000 men, to the federal  
general Joaquin Amaro at Savila.

## DE FACTO PRESIDENT OF HONDURAS DEAD

**By Associated Press**

Washington, D. C.—The death of  
Lopez Gutierrez de facto president of  
Honduras was reported to the state  
department Tuesday in a telegram  
from Tegucigalpa.

The message said that Gutierrez  
died at 10:30 A. M., Monday, but did  
not give the cause of death. A 72-hour  
armistice had been arranged among  
the factions in the three colored re-  
volution.

## UNDESIRABLE ALIENS AWAIT DEPORTATION

New York—Two groups of undesir-  
able aliens numbering 169 in all have  
been taken to Ellis island Tuesday to  
await deportation.

One hundred and ten charged with  
various crimes came from New Or-  
leans, pillocke below decks of the  
steamship Camus. Fifty men, wom-  
en and children were mentally defec-  
tive or blood relatives to other await-  
ing deportation.

The New Orleans group consists  
principally of men from the west and  
southwest, many of whom entered  
the country from Mexico.

## Horse-Drawn Tram Cars Will Be Used To Carry Victims From Shaft

## CARLOAD OF COFFINS SENT Force of 76 men Busy Through Night Digging Graves for Comrades Killed

**By Associated Press**

Castle Gate—Castle Gate mine No. 2  
gave up its dead in ever-increasing  
numbers as rescue crews pushed their  
way into the inner recesses of the  
huge mine during the night. Stop-  
ping only now and then to eat a sand-  
wich or drink steaming hot coffee dis-  
patched into the mine by helpers, four  
rescue crews recovered 16 bodies dur-  
ing their four hours shift beginning  
at 2 o'clock Tuesday morning. Of  
the 173 coal miners entombed in the  
mine by three terrific explosions early  
last Saturday morning, 92 remain in  
the mine. If the rescue work con-  
tinues throughout Tuesday with the  
same display of speed as that shown  
during the night company officials  
are confident that the last body will  
be removed Tuesday night.

Penetrating to the farthestmost re-  
cesses of the mine, approximately 7-  
000 feet from the entrance—way the  
entrance by which the bodies are being  
removed, the rescue crews encoun-  
tered their most disheartening expe-  
rience of the hunt so far. Eight of the  
sixteen bodies taken from the mine  
during the night found there were so  
badly mutilated by the force of the  
blasts that they were unrecognizable.  
The last four bodies brought to the  
surface were lifted at the mine iden-  
tification bureau and at the downtown  
morgue as "unidentifiable." Sixteen  
bodies now are clasped in this man-  
ner and the fear is expressed that as  
the rescue crews continue their opera-  
tions throughout the mine Tuesday  
that this number will be increased.

## USE TRAM CARS Preparations were made Monday night for the installation of horse drawn tram cars in the interior of the mine to expedite the removal of the bodies

It is believed by company officials  
that by this method the bodies can be  
carried to the entrance of the mine,  
there to be removed by stretcher  
crews, almost as rapidly as the crews  
can enter the mine.

Monday night undertakers worked  
in the temporary morgue in the  
Knights of Pythias hall preparing the  
bodies for burial.

Monday night a carload of coffins  
arrived and a large force of men  
worked practically all night in remov-  
ing the coffins from the car. This  
work was carried on amid groups of  
crying women and children who  
braved the cold night blasts that swept  
through the canyon.

## EVERY HOME STRICKEN Castle Gate Monday for the first time since the disaster that struck practically every home in the camp, arrived and a large force of men worked practically all night in remov- ing the coffins from the car. This work was carried on amid groups of crying women and children who braved the cold night blasts that swept through the canyon.

## \$30,000 LOST TO CITY BECAUSE OF CONTRACTOR LAW

Rasey Tells Board of Education of Saving That Might Have Been Possible

That the city of Appleton paid \$30,000 to have the law forbidding changes in the junior high school buildings without re-advertising for bids was the opinion expressed by Lee C. Rasey at the monthly meeting of the board of education on Monday afternoon. Mr. Rasey presented figures that showed that if changes in plans that would have been submitted the city would have obtained two junior schools, with rooms since eliminated, at a cost of \$5,500 more than the lowest bids on buildings with the two rooms left off.

The board voted to write a letter to William Nemachek, informing him that F. S. Bradford, the board's attorney, had found that the board of education could not be held liable for the death of his son nor could it legally vote financial assistance for hospital and doctor bills. This matter was presented by letter to the board at its February meeting and attorney. The board asked that the attorney, Secretary of the board, to express the deepest sympathy of the members for the loss which Mr. and Mrs. Nemachek have suffered.

**BRICKS FOR SCHOOL**  
Routine business was transacted. At the close of the meeting, samples of bricks to be used in the junior high school buildings were submitted to the members. Mayor Henry Rasey suggested that any samples of bricks should be submitted to the board of public works and agreed to call a meeting of this board to determine upon the bricks and other matters in regard to the school which are pending.

John Hantschel asked that the board of education make arrangements for the preliminary plans and estimates on changes in the Fourth ward school. This matter was referred to Lee C. Rasey who will ask the architects for a conference on the school changes. Mr. Hantschel pointed out that it may take the vacation period of 1924 and 1925 to put the Fourth ward school in proper shape for the additional junior high school work or it may take but one summer. In any case, Mr. Hantschel explained, the principal of the school and the Fourth ward school board would like to know what must be done.

**COST OF EQUIPMENT**  
Figures on the cost of equipment of the new buildings were presented by Mr. Rasey. He showed that the figures which he had received from a representative firm last June on good fixtures would amount to more than \$16,000 without gymnasium equipment and complete library and classroom supplies. Mr. Rasey said that these supplies for library and classroom could be added each year as is done in the senior high school at the present time.

When the first estimates on the cost of the junior high school buildings were higher than the bond issue allowance, changes in the buildings and elimination of some features were suggested by the architect. Unfortunately, a member of the board and architect went to the lowest bidders and asked them what their figures would be with the changes.

**CHARGES ILLEGAL**  
These bidders agreed informally to reduce their costs to approximately \$422,000 for the general contract, \$55,000 for heating, \$30,667 for plumbing, \$14,200 for electrical work and \$6,000 for lockers, making the possible cost of the buildings at that time \$557,867. Although the architect assured the school board that this method of changing details with the lowest bidders was often used and although he warned them that they would lose money by re-advertising for bids, the board was unwilling to take any chances with a method which it was assured by F. S. Bradford was illegal. The buildings as they might have been, with the two rooms which have been eliminated would have cost \$5.

## FREE A TRIP ON A MAP.

Have you ever toured the United States of an evening? You are hereby invited to see your country—to look at its width and breadth, its mountain peaks and valleys, its rivers, lakes and cities.

Get our new map of the United States and you may visit where you will. Here is enjoyment for the whole family that turns study into a game and arouses interest in young and old.

The map you need for this trip may be procured free from the Washington Bureau of this paper. It measures 21 by 23 inches, is printed on heavy paper in five colors and contains information that will answer a thousand questions. Do not delay in sending for this useful offering. Just clip the attached coupon and send it, together with two cents in stamps for return postage, to our Washington Information Bureau.

Frederic J. Hawkin, Director, The Appleton Post-Crescent, Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the UNITED STATES MAP.

## 14 More Cases Of Measles In City Reported

The measles epidemic which began to spread in Appleton about a week ago has taken on greater proportions so that the total number of cases reported to Dr. W. C. Felton, city health commissioner, now is double that which existed about a week ago. George Merkel, deputy health commissioner, is being kept busy going from place to place to attach the measles placards. Fourteen more homes were ordered placarded on Tuesday, which raises the total to approximately 92. The cases are increasing more rapidly than those recuperating.

\$60 more than the buildings for which contracts were let after the second set of estimates had been submitted. Almost without exception the contracts were higher in the second set, and the result was, according to Mr. Rasey's figures, that the city is not getting the two sections which were originally included and which the contractors' figures show to have been worth approximately \$20,000 apiece.

## ON THE SCREEN

### THE MAN NEXT DOOR

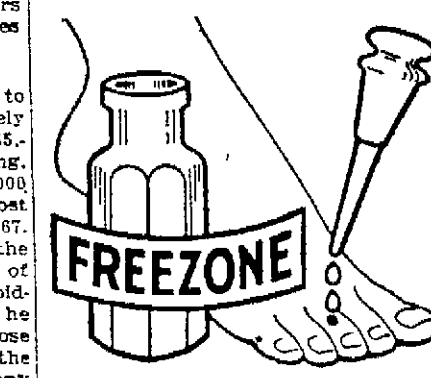

Emerson Hough, author of "The Covered Wagon," has had another of his famous western novels, "The Man Next Door," produced on the screen. This is one of Hough's most human stories dealing with a girl born and bred on a great Wyoming ranch, who tries the luxuries of the city and finds love and happiness back West.

Vitaphone's production, directed by Victor Schertzinger, has done full justice to this very human story. The cast is especially strong, and the characters are thoroughly sincere. The picture follows the book faithfully, and we see life on the Circle Arrow Ranch, owned by Old Man Wright, in Wyoming. His foreman, Curly, who tells the story in the book, is the active motivating character in the picture and provides endless laughter when the two cattlemen reach the city in which Bonnie Bell, educated at an Eastern college, is to live. Bonnie Bell builds a mansion next door to Wisner, whose wife is the dictator of society. Bonnie Bell finds that all of her father's millions will not get her into society, and in her loneliness she makes friends with the gardener of the Wisner estate. The comedy drama that arises out of this friendship which finally brings to Bonnie Bell her heart's desire, won the hearty commendation of the audience at the Majestic Theater.

Miss Elsie Elkie is absent from her duties as the Aid Association for Lutherans because of illness.

## CORNS

Lift Off—No Pain!

Doesn't hurt one bit! Drop a Little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers.

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the foot calluses, without soreness or irritation.

## REPUBLICAN HOTEL

### In the Heart of Milwaukee Business

For years the Republican Hotel has been the rendezvous for Wisconsin business men when in Milwaukee. It is conveniently located in the center of things political and financial, while its proximity to the shopping district makes a special appeal to the ladies.

The Republican Grill is famous for the quality of its meals, appetizing "specials" with excellent service.

## PREPARE MEMORIAL FOR DEAD JURIST

Bar Association Appoints Committee for Convention Here Next Summer

A committee composed of J. P. Frank, A. H. Krugmeyer and Judge John Botteneck was appointed by F. S. Bradford, president of Outagamie County Bar association, at the luncheon in Conway hotel Monday noon to draft a suitable memorial for the late Judge John Goodland and present it to Wisconsin supreme court.

The object will be to interest the thousands of veterans of the World war in membership in the legion. Mr. Keller is membership chairman of the Wisconsin department of the legion.

## MILWAUKEE VETS WILL HEAR KELLER

Appleton Man Will Be Speaker at Huge Legion Demonstration

Attorney L. Hugo Keller will be the principal speaker Wednesday in Milwaukee at the biggest membership demonstration the American legion ever has conducted in Wisconsin. It will consist of a parade by combined Milwaukee legion posts and a mass-meeting at the auditorium, where more than 5,000 people are expected to gather.

The object will be to interest the thousands of veterans of the World war in membership in the legion. Mr. Keller is membership chairman of the Wisconsin department of the legion.

# HEAR TEN CLAIMS FOR COMPENSATION HERE NEXT WEEK

Industrial Commission Glad to  
Confer With Employers  
and Employees

When the Industrial commission of Wisconsin holds its meeting in Appleton on March 18 and 19, its members will be glad to be consulted informally by employers and employees upon matters under the compensation act other than those scheduled for hearing. Persons who have questions concerning their rights or duties under the law will be welcomed by the commission members.

Cases scheduled for hearing on March 18 include Andrew Wilz vs. Menasha Woodware company, John Hecker vs. William C. Fish, Arnold Buse vs. John Strange Paper company, Walter F. Nemon vs. Minn. St. Paul and Soo railway, Clayton Bodoh vs. Wisconsin Cabinet and Panel company, and Henry Vanschindie vs. Combined Locks Paper Co.

The March 19 hearing are Edwin Bank vs. Banks Paving and Construction company, Soren Olson vs. Wisconsin Traction Light Heat and Power company, Charles Bernet vs. A. Tomasom, Rose Wendt vs. Thilmany Pulp and Paper company and John Van Enkevort vs. J. P. Davis and Son.

# ON THE SCREEN

HONEST ENTHUSIASM OVER  
"WHEN A MAN'S A MAN"  
AT THE ELITE

For once the screen version of a printed book has measured up to the expectations of its readers. If the enthusiasm with which "When a Man's a Man" was received last night at the Elite theatre can be relied upon.

This is the first of the nine Harold Bell Wright novels which Principal Pictures Corporation will film, and the producers appear to have caught and impersonated, on celluloid that elusive something which makes Harold Bell Wright America's most popular author.

John Bowers' performance in the role of "Honorable Patchee" is delightful in all the phases of the character. The episodes in which he tries to adapt his city-bred manners to the western ranch life, are rich with humor, and at times, pathetic. He relinquishes the girl of his heart in the end of the story with fine feeling and conveys forcefully to the audience the message that the author embodied in this characterization.

Marguerite de la Motte and June Marlowe, as the eastern and western girls, are well cast, and offer a fine study in contrasts. George Hackathorne, as the misused dupe of the cattle rustler, gives his usual excellent performance, and Forest Robinson, as the Dean of the Cross Triangle Ranch, is ideal as the old cattleman.

# NORMA TALMADGE AND GENE O'BRIEN COME BEFORE OLD AND NEW ADMIRERS ON THE SCREEN

While there is nothing directly bearing on unrest or revolution in England's Far East possessions, the photoplay in which Norma Talmadge appears at the New Bijou Wednesday and Thursday has its chief action located in India, land of unrest, of mysticism, superstition and weird ceremonial.

"The Safety Curtain" starts in a London theatre, where the play gets its name, and ends in India amid English Army life and activity.

It is not to be understood that the political reports that have come from India for the past several years are in any way involved in the motive or spirit of the photoplay plot which

# How to Make Pine Cough Syrup at Home

Has no equal for prompt results.  
Takes but a moment to prepare,  
and saves you about \$2.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and sugar. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. You can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will lay it to rest usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

# 80 PULASKI COWS HIGH PRODUCERS

J. R. Minahan and Frank and  
Herbert Tubbs Head As-  
sociation List

Eighty cows in Pulaski Cow Test association had production records of more than 40 pounds of butterfat during February according to the report of William Rudin, tester. J. R. Minahan again led the list with a registered Holstein cow giving 2,223 pounds of milk in 30 days, or the equivalent of 106.7 pounds of butterfat.

Frank and Herbert Tubbs were second with a grade Holstein that gave 2,340 pounds of milk, or 117.0 pounds of butterfat.

Twenty-six of the cows produced 50 pounds or more of butterfat. They were:

Owner	lbs.	fat
J. R. Minahan	2223	106.7
Frank & Herbert Tubbs	2340	117.0
Phillip Engel	1770	83.7
George Tubbs	1857	83.1
John Melczewski	1746	82.8
Fred Roepcke	1836	82.9
Phillip Engel	1416	62.3
Art Tesch	1440	60.4
Phillip Engel	1371	60.5
Frank & Herbert Tubbs	2182	59.1
Leonard Olson	1062	57.3
Andrew Johnson	1531	56.6
Phillip Engel	1446	56.3
Andrew Johnson	1278	56.2
Phillip Engel	1248	55.1
John Browski	1245	54.1
Fred Roepcke	1665	53.2
John Smurawa	1380	52.5
Fred Roepcke	1542	54.4
Fred Roepcke	1665	52.4
Leonard Olson	1113	52.3
John Smurawa	1500	52.4
Frank & Herbert Tubbs	1569	51.7
Ross Conklin	1386	51.2
John Browski	1191	51.2
Ed Malczewski	1344	51.0

Miss Talmadge will unfold through "The Safety Curtain"—but with the scenes largely laid in India there is bound to be more than passing interest in the details.

English Army life is depicted during the film-play's action with Eugene O'Brien, present star of Selznick pictures, enacting the role of Captain Merryon who brings his bride into a cantonment that seethes with the usual jealousies and "potties" of military existence.

"The Safety Curtain" is sensation-dramatic; strong in its situation, entertaining in plot and satisfying to a degree as screen entertainment. Theatregoers who have made Miss Talmadge and Mr. O'Brien their favorites will want to see them in all they have created in the way of screen entertainment, and they are sure to find satisfaction in these presentations of "The Safety Curtain."

**FOR SUNDAY DINNER**

Did you read the article in last Friday's Post-Crescent on what Appleton stores have to offer for your Sunday dinner? It gave hints to a good many housewives. Another story will appear next Friday.

# ANOTHER FIELD DAY FOR RURAL SCHOOLS

Pupils in Country Districts Will  
Compete in County Con-  
test Here

County field day, which was inaugurated last year with considerable success will be observed again this year and the date has been set for Friday, May 23, according to preliminary plans drafted in the office of A. G. Meating, county superintendent of schools.

This event will differ somewhat from that of last year inasmuch as the mental tests, such as declamatory, spelling and penmanship contests, will be separated and held on the county commencement day.

The county field day on May 23 will be restricted entirely to field events or athletic contests. Elimination contests will be held in the various districts and towns to determine which pupils shall represent the schools and towns.

Commencement day, according to present plans, will be Friday, June 6. Declamatory spelling and penmanship contests will be held on that day, and the winners will be entered in the contests at the state fair in Milwaukee next fall.

# FORESTRY STUDENTS SPEND PERIOD IN CAMP

John Ryan, Jr., and Alban Reemer, who are attending the forestry school connected with the Montana state university at Missoula, have returned to their school duties after the annual spring camp at Yellow Bay on Flat-head lake, according to a letter which John C. Ryan has received from his son.

The entire student body numbering about 100 men attended the camp, the purpose of which is to put into practice theories advocated during the year. Classes were held as usual. Side trips were made by the classes during the camp to points of interest.

The spring camp is a cooperative enterprise. The students pay the cost of the food and hire a cook to prepare it. The trip is made on a freight steamer which the students charter and they sleep in tents.

# \$5,000 STATE AID FOR COUNTY FAIR SOCIETIES

Outagamie County Agricultural Society of Hortonville received \$2,091 of the \$299,354.43 paid as state aid to the county and agricultural fairs held in 1923. The state law provides that the state pay a percentage of the premiums. The amount of aid in 1922 was \$287,018.04.

Brown county received \$5,033, the Seymour Fair and Delving Park association, \$2,227, Shawano county, \$2,759, and Waupaca county \$3637.

# URGE COUNTY CLUB OF SUNDAY SCHOOLS

Churches are particularly interested in the religious work and advancement of the families of each church, but they reach about 50 percent of the families in this way, and it is the other 50 per cent that the Wisconsin Christian Education council is interested in, said J. L. Rogers of the council when he talked to members of the Fox River Valley Ministerial association at the regular meeting in the Y. M. C. A. Monday morning.

Mr. Rogers took the place of the Rev. E. M. Salter of the First Baptist church, who was unable to appear. He also discussed the council's Sunday school work in the state.

Outagamieco is not represented in the council, and Mr. Rogers discussed the organization of this county with the members. The association passed a resolution to hold a meeting here on April 7 in the Congregational church to further the organization of county Sunday schools.

**Will Live Here**

Joseph Schroeder, cousin of Anton Fischer, who arrived in Appleton from Sweden several months ago and who immediately joined the Minneapolis Symphony orchestra of Minneapolis on a trip to the Pacific coast, has returned to Minneapolis. As soon as the orchestra completes its present season he expects to return to Appleton to make his permanent home.

# A Hot Breakfast—Quick

## QUICK QUAKER

Cooks in 3 to 5 minutes!

Here's a vigor breakfast in-a-hurry. Ask your grocer for Quick Quaker. Cooks in half the time of coffee, faster than eggs, no longer than plain toast!

So start the day right with a HOT breakfast—best for you, best for the youngsters.

Same plump flakes as regular Quaker Oats, the kind you've known. But cut before flaking, rolled thinner and partly cooked—smaller flakes that cook faster, that's the only difference.

All the rare Quaker flavor. All the nourishment of the world's premier vigor breakfast. But—no bother cooking.

Quaker Oats, too

2 styles at grocers' now. Quick Quaker and Quaker Oats, the kind you've always known.

# JELKE GOOD LUCK MARGARINE

The Finest Spread for Bread

Meal planning for the family group for March should include Jelke GOOD LUCK Margarine. One-fifth of the diet, say food experts, should be fat; and Jelke GOOD LUCK Margarine furnishes this important food element in finest form—pure, fresh, wholesome and delicately flavored. Used as a spread for bread, and as a shortening, GOOD LUCK furnishes a full quota of wholesome food values.

## THE POST-CRESCENT'S PROGRAM FOR A GREATER APPLETON

A systematic plan of Park and Playground extensions and improvements.

City Manager Form of Government for Appleton.

Systematic Street Marking and Numbering of residences.

Outagamie County Nurse.

Greater Representation for Appleton on County Board.

## FILIPINO INDEPENDENCE

A majority of the American people, will, we believe, agree with President Coolidge in his contention that, from the standpoint of what is for their own welfare the time has not yet come for complete independence of the Philippines. If, however, we consider the question from the standpoint of what is to the interest of the United States, it is and for some time has been desirable that we get out of the islands. They are a source of weakness rather than strength to us from the military standpoint, and since we have disclaimed any purpose to exploit them, they are of no advantage to us from the economic standpoint.

We have, however, held uniformly that we were in the Philippines not for our benefit but for theirs, and since that is the case we are bound to consider the question from the point of view of what is best for them rather than what is best for us. The people will incline to accept the judgment of the president for two reasons, first because he is more likely to take an unprejudiced view of the question than anyone else, and second because he is in the best position to understand the true situation and all that is involved.

Mr. Coolidge points out that the Philippines are not in a position to protect themselves from aggression, and that particularly because of disturbed world conditions it would be a mistake to permit them to invite the hazards that would result from complete political independence. If we can advance the permanent security of the islands by throwing about them the mantle of our protection until such time as militarism and conquest cease to obtain and the right of self-determination is accorded to small nations in full sincerity, then the obligation of our trust would impose upon us the duty of safeguarding them until that time. The time will never come when the Philippines can by their own power maintain their security in a world of war or aggression. If we are to stay there until this security is guaranteed, we may be there for the next hundred years. President Coolidge seems to hold the opinion that this is required of us.

We have never felt that our guardianship required so extreme an interpretation of our responsibilities. We think that a common understanding of the American people at the time we took over the islands was that we were to accord them independence whenever they were economically and politically qualified to govern themselves. We were not bound to underwrite their safety nor their independence. Undoubtedly we would have something to say about both if they were seriously jeopardized, and presumably that could be done effectively either with or without occupation.

There is one danger of overstaying our period there, and that is that as time goes on our material interests and our commercial relationship with the Philippines will become of such a character and extensiveness as to make it increasingly difficult for us to withdraw. Against this possibility we should earnestly strive to guard ourselves, for no matter what the president may say about our purpose being not to exploit the islands, there are private interests ever ready to engage in this pursuit. We know that they often

exert a powerful influence in politics and sometimes in our governmental policies. The qualifications of Governor-General Wood for his post are a side issue, although it is possible congress may take it into its head to go on an investigating junket to find out the facts. But General Wood cannot retard unduly Filipino preparation for self-government, and of course he has no desire to do so. The public hesitates to believe anything derogatory to his fitness.

Broadly speaking, we should get out of the Philippines at the earliest possible moment, consistent with the discharge of our obligations to them. As soon as world conditions settle the time would seem to be ripe. Their capacity for going it alone, that is within reasonable bounds, seems to be pretty well established.

## ISLE ROYALE AS A NATIONAL PARK

There should be much public interest and gratification over the announcement that definite cooperation and assistance of the United States government, looking to the establishment of Isle Royale, in Lake Superior, as a national park is assured. The commissioner of the land office at Washington has withdrawn all government owned land in the island from entry. This action, directed by Secretary of Interior Work, followed a pledge by the state of Michigan that land it owns on the island, together with 45,000 acres owned by the Island Copper company, will be merged in the national park. This constitutes about one third of the area of the island, and there is reason to believe that much of the balance now in private hands can be obtained at little or no cost for park purposes.

Practically the whole island of 132,000 acres is covered by virgin timber. It lies 14 miles from the Minnesota shore, a little over 13 miles from the Canadian mainland and 45 miles from the nearest point of upper Michigan. Isle Royale is 45 miles long and nine miles wide, and of great historic, even pre-historic, interest, for evidences of life on the island of an early and unknown race have been uncovered. There are numerous harbors and bays, and coastal islands. The flora is extensive and luxurious. There is a large herd of moose and caribou on the island, and it is the breeding range of innumerable wild fowl and migratory birds. There are twenty-one inland lakes and numerous swift flowing trout streams. The island is easily accessible in the months of navigation by regularly established boat lines.

This island of surpassing natural beauty, in an almost completely virgin state, offers one of the finest opportunities for a national park to be found in the entire country. As a summer playground in the years to come it holds extraordinary advantages. It is one of the few remaining spots where wild life and nature can be preserved as they have come down to us through the centuries. The move to make Isle Royale a national park will have the approval of all lovers of the outdoors and of all true conservationists.

## THE "LOWDOWN" ON SENATOR WALSH

The big commercial and financial interests, or, to be exact, the press representing them, are doing their utmost in editorial folly to fan the popularity of Senator Walsh of Montana. The searchlight editor of the New York Commercial asked a Billings, Montana, citizen for "the lowdown on Tom Walsh, and whether he is associated with Bill Dunn and that radical bunch."

The answer he got left him speechless. Senator Walsh is lucky. None of the commercial or financial papers has been friendly to him. The more conservative enemies unconservatively oppose and try to discredit him the more the people will trust him.

A grandmother will marry again in Charlestown, Mass., this being the first sign of spring in that town.

Teacher in Indian town, Fla., says the earth is flat, reminding us Volva hasn't had any publicity in a long time.

Henry Ford employs 152,732 men and worries many more.

Ireland is competing with Egypt. A skeleton dug up near Dublin is said to be 3,000 years old.

None being government officials, five Dallas (Tex.) oil men have been sent to the penitentiary.

Should the golf ball be lighter? We doubt it. But a pedestrian tells us the auto should be lighter.

The third party is said to be hopeful this time, while the other two parties think three is a crowd.

St. Louis man threw an axe at her. So she got a divorce. Women are nice, but so fickle.

One New York jazz orchestra leader makes \$5,000 a week, but look at the exercise he takes.

## Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author

Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

## PERSONAL HEALTH SERVICE NASAL OPERATION FOR ASTHMA

A few years ago it was the fashion to ascribe true spasmodic asthma to reflex irritation and a good many sufferers were subjected to various operations for the obliteration or removal of the suppositious sources of irritation from the nasal cavities. Do not, I pray you, scoffers, confuse this with the modern fashion of attributing everything to focal infection and operating to remove the focus. This modern fashion we are still wearing and when we get ready to lay it aside and don a new one I'll announce the event in fitting language. Under the quaint old fashion which prevailed away back in 1900-1910, when an asthmatic sufferer bobbed up with a tonsil or a turbinate was as good as doomed if the doctor had any aspirations toward being a nose and throat specialist. One good effect of the obsolete fashion was the removal of nasal polyps which would otherwise have been neglected until they really did work some harm to the patient. I remember how disappointed I felt the first few cases of polyp I had, that the patients would not acknowledge even a touch as asthma, so I could cure the asthma by snaring out the polyp. Doctors far away were reporting miraculous cures of asthma from just snicking out a bit of the polyp and I was eager to add another case to the record.

Dr. Morris Kahn has reported some thirty-three cases, from a series of 34 cases of asthma in which some kind of nasal operation has been done. Polyp, hypertrophic (enlarged or thickened), turbinate bodies septal spurs, deviations of the septum and hypertrophic or infected tonsils were the conditions operated on. In fifteen cases the patients developed relief from the nasal obstruction. In two of these, atrophic rhinitis developed some time after the nasal operations. In the other cases the operation gave no benefit. One patient who had polyp removed now attributes his asthma to the operation! In no case was the asthma influenced by the operation on the nose. As Dr. Kahn concludes, the nose and throat should be left alone surgically in asthma unless the nose or throat condition in itself demands surgical relief with reference to the asthma.

Nose and throat operations for spasmodic or bronchial asthma therefore belong in the category with "reflex" disturbances, they're simply not done any more.

## QUESTIONS AND ANSWERS

## Abuse of Writing

After working for seven years at a job making carbon copy reports with a hard pencil, I have developed writer's cramp. I have a good grip with my hand and it does not bother me only when I try to write.

What is the cause of this? How is the best way to cure it? (D. J. E.)

Answer—Abuse of the writing function. Probably using finger motion instead of muscle movement, and added to the strain by beating down with pencil. Use typewriter. Should have used typewriter all along. Prolonged rest—six months—of hand from writing necessary. Go work on a farm for a while. Sometimes treatment in plaster cast or other immobilization for arm. Practice left-hand writing, muscle movement only.

## How to Become a Nurse

1. What kind of education must one have to become a graduate nurse? 2. How many different classes of nurses are there? 3. How old must one be before they will be accepted as a pupil nurse? 4. Must one pass a physical examination? 5. Must they have a recommendation? 6. How many years training must one have before one is a graduate nurse? (C. C.)

Answer—1. Training schools of the better kind require that applicants shall have completed a grammar school course, though some of the hospitals require graduation from high school—that is, when they can get enough pupils so qualified. 2. About three classes, namely, graduate nurses, otherwise called professional and trained nurses, and when in possession of a license from the state registered nurses; second, qualified nurses who have had sufficient instruction along the lines approved by medical societies or physicians in general to serve both in private practice and in hospitals that great middle class of people who cannot afford the expenses of registered nurses in times of illness and third, practical nurses, who have no such approved instruction but help both with the housework and the care of the patient. 3. Seventeen. 4. Yes. 5. Yes. 6. Two in good schools, three in some institutions. However, one year of the right kind of training should qualify an intelligent young woman. (Copyright, National Newspaper Service).

## LOOKING BACKWARD

## TWENTY-FIVE YEARS AGO

Tuesday, March 14, 1899.

James Peerenboom was in Chicago on a several days' visit.

Henry Scheutter returned from a week's visit at Antigo.

Capt. and Mrs. Howard Greene of Milwaukee were guests of Mr. and Mrs. H. W. Tenney.

Charles Bowron of the Oshkosh Northwestern was in Appleton the day before calling on friends. Sam Stern of Chicago, proprietor of the Continental clothing store, was about to open a new store at LaCrosse.

T. W. Orblson left for Madison, Me., where he went to oversee the work being done by his firm for the Manufacturing Investment company.

A number of Judge Sam Ryan's friends got together Monday and made up a purse of more than \$100 which they presented to him on the seventy-fifth anniversary of his birthday.

The project for an electric railway between Appleton and Seymour was taking definite shape. Eastern capital was being interested and the route was soon to be decided upon.

Arrangements were completed for a declamatory contest between Ryan high school and Marinette high school on April 7.

Associated Press dispatches announced the appointment to a second lieutenant in the regular army of Robert Hayes Wescott, who served with Company G during the Spanish-American war.

Dr. M. J. Sandborn was offered the position of physician and surgeon of a mine in Colorado and left there to look over the field.

## TEN YEARS AGO

Tuesday, March 10, 1914.

Franklin T. Smith of Milwaukee was an Appleton visitor.

Mr. and Mrs. J. E. Thomas left for Milwaukee on a several days' visit.

H. O. E. Dietzler and Douglas Hodgins of Hortonville, called on Appleton friends.

Richard J. Meyer was elected president of the Baseball association and Miss Hulda Kous, secretary.

H. J. Desmond of Milwaukee, editor of the Catholic Citizen, was to give an address before the local council of the Knights of Columbus on March 12.

Karl Scheutter was at Chicago attending a style show at the Cutters' club.

Appleton high school was to be retained on the accredited list of the state university following a visit here of the committee on accredited schools.

## SEEN, HEARD

and

## IMAGINED

---that's all there is to life

MY TALE OF WOE  
I'm a dumb guy waiting for a proposal.

I've got a face I know is awful. I can't even take in a hop or a formal.

And when you say I'm a nut, you said a mouthful.

I can't even make a date. Though I have used every known whim.

I've even asked Bella Donna and Co-ed Kate.

One look and they say, "You are not in this social swim."

PUNCH BOWL.

Judy isn't such a bad artist herself, but you ought to see Punch Bowl.

ROLLO—"Ain't it a grand and glorious feeling" when you think that you are broke to reach into your best pants' pocket on a Sunday morn and find 60 cents.

---EDDIE.

Let's see, Eddie, you belong to "gas house gang," don't you? But answer me this, will you? With diluted, vinous and mait liquors prohibited, and Sunday dancing banned, and roads prohibitive, how is it possible to spend 60 cents on a Sunday? Just the same, Eddie, that which yielded up 60 cents must have been your best pants' pocket, in more senses than one.

Mawruss is not very enthusiastic over the young dog his neighbor bought. Says he: too much like the side of a hill. Slope up. Figger it out for yourself.

Dear co-Ed Kate, at last you have answered my advertisement. You delay was injudicious. And what's worse you got me in Dutch with this pear blond completed. Blew red Hombre byddy of mine. You sea: i goes and promises this dear canary that after i inserts my advertisement in this hear H S Imagined column (Mr role Manager) as i sed bet i promises him that you jest naterally will fall all over Aftm when you see it. But up to yesterday you didnt do it bet i can tell you more about this hombre yo ugot to cum across. with a dern good deskription of yourself.

---TEX.

## A NUTCRACKER

Dear Rollo Why is polishing six golf sticks more fun than sharpening one hoe? Three sticks of Juicy Fruit and one styrim for the best answer to this hear H S Imagined column.

---GARDNER

We asked the printer's devil who used to caddy in the summer time and he said that polishing six golf sticks is a lot of fun to the guy who looks on. The man who is making his garden can get much better results with golf sticks than with the hoe. You tell us, Gardner.

ROLLO.

## NURSE AN EXTRAVAGANCE

Editor Post-Crescent—The matter of a city nurse is now before the common council and the people of Appleton. It means an additional expenditure of \$1800 each year and, although that is not much for a city, nevertheless those small amounts add up to make our taxes high. Now this move is backed up by the "Womens' club" and therefore is supposed to have a very weighty influence behind it. All though these so called civic organizations have some very good points, nevertheless, they have as many equally asinine points. The question is "do we need a city nurse, and would he, or she or it function properly for the good of those who are in need of such service." She is not to be a bed-side nurse, therefore the poorer classes are to receive advice only. It is well known that such people do not to haunt the doorsteps of the poor but the people who can well afford to care for themselves generally get the service. The health officer, poor commissioner etc. were not consulted as to such a need, and I know, for a fact, that these departments say very definitely that such an assistant will be a bother and no earthly good. If the city has any needy families, the city physician or poor commissioner can send the all ones to the hospital, where they will get real attention, and the community will be much money ahead in the end.

And now the womens club and the chamber of commerce are petitioning for playground instructors. After the arrival of the playground instructors, will come a demand for equipment and the like. And they suggest that the three instructors be placed in Pierce park. But what about the children in the other parks? Will the other wards allow all these funds to be spent in the Third ward. This is no article against the great and splendid Third ward but all should weigh equally in this community.

Let the council show their sympathy and backbone and vote down these things until such time that we are better fitted in a financial way to handle these matters. Remember that we have two big and necessary bridges to pay for and two unnecessary junior high schools to pay for.

Sincerely yours,

An Appletonian.

Dr. W. C. Felton, city health commissioner, when informed of the above written letter, declined to be quoted on the subject and simply declared he had no opinion to express at this time.

J. G. Pfeil, city poor commissioner, denied he had opposed the appointment. He said that some time ago he had been consulted by several women on the advisability of engaging a nurse, but expressed no opinion. He said that such an appointment was not of his concern, but a matter for the city to decide.

## STANDING THE TEST

Get your tax return in this week and thank your stars you have to!

If you pay \$10.00 or \$10.00— If you deduct \$2,500. for being married or pay the penalty of being single—don't slam doors and cuff the cat—that's bad.

The best plan—put a new Schmidt Spring Suit on your back—a new hat on your head—a 25c cigar in your mouth—a million dollar smile on your face—and say, "Here! Uncle Sam—and I'm going to try to increase your salary next year!"

Schmidt Spring Suits . . . . \$27.50 to \$55  
Trimble Spring Hats . . . . \$5 to \$7.50  
Eagle Spring Shirts . . . . \$2 to \$6.00  
Vassar Spring Union Suits . . . \$2 to \$3.75

MATT SCHMIDT & SON  
"TWO FLOORS OF GOOD THINGS TO WEAR"

## WHAT IS GOING ON IN THE WORLD

BY CHARLES P. STEWART

"The key to the whole oil scandal." So politicians describe the deal by which the Standard Oil Company got certain naval reserve lands in California from which it's reported the company already has taken \$30,000,000 worth of oil.

The case hasn't been much touched on yet. Details remain to be brought out, but they're going to be, for President Coolidge says he'll have lawyers to get the land back for the government if they can.

## McLEAN'S TELEGRAMS

The oil investigators' latest discovery is a batch of telegrams which friends and agents sent to E. B. McLean, the newspaper owner, at Palm Beach, keeping him posted on oil developments in Washington.

McLean's name has figured much in the oil cases. Seemingly he wanted to know if he'd be called as a witness.

The queer thing is that the telegrams were written in a Justice Department cipher. Also they indicate that William J. Burns, the department's secret service chief, was one of McLean's informants.

Burns denies this, says, too, the cipher was "old"—no longer used. And it is asserted McLean, as a "hold-in-a-year man," was a Justice Department agent himself.

All the same, the whole thing hints that somebody close to the department was helping those the investigators were investigating.

And a lot of McLean's messages were sent to him, over his private leased wire, by E. W. Smithers, who's also a telegrapher at the White

## Unusual People

BOY, 13, BUYS OWN HOME

RAY McCUISTON

Only 13 and still going to school, yet Ray McCuiston of Chattanooga, Tenn., has bought his own home! He had to pay \$700 down for it and must keep up monthly payments. He got his money, and is getting more by selling newspapers. He buys his own clothes, too.

House. However, it's common for one telegraph operator to hold down two or more jobs.

"SOME SPLASH!" Angered at senators' demands for his resignation, Attorney General Daugherty says certain senators had better resign, too, or he'll cause "some splash."

Inasmuch as the things-Daugherty could tell probably would crowd the present oil investigation right off the newspapers' front pages, there may be startling revelations coming. Anyway, the Senate has "called" Daugherty, by voting for a full investigation of the Justice Department—not only in connection with oil but lots of other things.

## NEEDED THE MONEY

William G. McArdoo admits he got a \$150,000 fee for his law firm by appearing in a big tax case, in the very treasury he used to be secretary of, and before officials, some of whom perhaps owed their jobs to him.

Washington, adding up all the big fees he's received since he left the cabinet, recalls that when he is signed he said was "gutting" to make a little money for his family."

According to one capital newspaper, "he spoke a mouthful."

## The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Information Bureau, Frederick J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Does America build the majority of locomotives and coaches used on English and Continental railways? H. A.

A. The Railway Car Manufacturers' Association says that this is not true. "We have in the past, and doubtless in the future will continue to build a considerable amount of railroad equipment for certain European countries but we must everywhere meet the competition of English and Continental builders."

Q. Are scallops dredged with a net or snaked like oysters, and do they have shells? S. A. P.

A. Bay Scallops are dredged with a dredge that has an iron frame with a sharp edge, sea scallops are caught with nets. Scallops do have shells.

Q. Does a wind mill pump water on the down stroke or the up stroke? G. J. S.

A. Whether a wind mill pumps water on the up stroke depends entirely on the type of pump. Usually a deep well pump pumps on the up stroke.

## College Actors Will Give Three Plays In Chapel

The Sunset Players, a student dramatic club at Lawrence college will present three plays at Lawrence Memorial chapel at 8:15 Thursday evening. The plays are "Turtle Dove," "Brink of Silence" and "The Pot Boilers."

These three dramas give a great variety to the program since one is a fantasy, another a tragedy and the third a broad comedy. Although the club is producing plays constantly during the year, it gives but one or two public performances. It represents the best of college amateur dramatic work outside of actual classroom work.

The plays are being directed by members of the club with the assistance of Miss Margaret Sherman of Appleton, who is in charge of the dramatic work at the college.

## CHURCH SOCIETIES

Polzin Mandolin orchestra furnished music at the meeting of the Evangelical League of Christian Endeavor at Emanuel church Sunday evening. The program was in charge of the social committee and was led by John Trautmann, chairman. The speaker was Herman Brockhaus, whose subject was, "The Dangers of Trifling with Life."

A St. Patrick party was given Monday night in the parlors of the Lutheran church for the girls of Queen Esther society. There were about 15 girls present.

The Cheerful Helpers of the German Methodist Episcopal church will meet at 7:30 Tuesday evening with Mrs. F. Peeke, 226 Carver-st. A social hour will follow the business session.

Christian Endeavor society of Memorial Presbyterian church held a business meeting in the church parlors Monday night. Mrs. Blanche Kubitz was hostess at the social session that followed.

"Latin America" was the topic discussed at the regular meeting of the Auxiliary of All Saints church Monday afternoon at the home of Mrs. P. O. Kelsch, 620 Drew-st. Mrs. E. L. Bolton had charge of the program.

The Rev. F. C. Reuter will preach a sermon on "Christ in Gethsemane" at special Lenten services at 7:45 Wednesday night in the First English Lutheran church. The services are a part of the regular program scheduled for Lent.

## CLUB MEETINGS

Miss Esther Plamann entertained the N. S. Twelve club at the A. C. Risee home, 428 North-st. Monday evening. The time was spent informally. The next meeting will be held at the home of Miss Clara Grupe, 518 Pacific-st.

The Bunco club will meet at 7:30 Wednesday night with Mrs. Laura Wolf, corner of Mason and Eighth-sts. This is the regular meeting.

Mrs. E. S. Torrey and Mrs. A. J. Maine will be hostesses to the Tuesday club at Mrs. Torrey's home, 476 Eldorado-st. at 8 o'clock Wednesday afternoon. Members will answer roll call by telling their favorite pictures for the home and a topic on American art will be given by Mrs. W. O. Thoda.

The West End Reading club meets at 2:30 Wednesday afternoon with Mrs. P. H. Ryan, 786 Franklin-st. Mrs. A. G. Meating has charge of the program.

The Fortnightly club will meet at 2:45 Wednesday afternoon at the home of Mrs. H. P. Russell, 493 Alton-st. Mrs. Russell and Miss Mabel Walter have charge of the program, which is on the poems of Henry Van Dyke.

Mrs. Olive Spencer, 781 Lawrence-st. will be hostess to the Sunshine club at the regular meeting at 2:30 Thursday afternoon. She will be assisted by Mrs. A. West, R. A. Buxton, Mrs. W. H. Elmhurst and Mrs. E. F. Poole.

The Wednesday club will meet at 2:30 Wednesday at the home of Mrs. H. E. Peabody, 706 Lawrence-st. Mrs. D. O. Kinsman has charge of the program, which is on "Edward Carpenter."

## CARD PARTIES

Five tables of skat were played at the regular session of the Elk Skat tournament in Elk club Monday night. The winners were Fred Zuehlke, Fred Hinz and William Fries.

## Talks to Students

A member of the Red Cross staff, Dr. Green, spoke on the work of the Junior Red Cross organization in the high school and college on Tuesday morning. He told of the work which the organization is doing throughout the world.

## BRINGING UP FATHER

Of all the family, father is apt to be the most careless of a cough or cold, and it is the duty of mother or the girls to see that he takes FOLEY'S HONEY AND TAR COMPOUND at the first sign of a cough, cold or hoarseness. After a few tries it will find how effective and pleasant it is to take, he will not hesitate to use it always. Contains no opiates. Safe and sure. Has served three generations.

## Mah Jongg Cloth And Plaids Very Newest In Spring Wraps

The Chinese influence can plainly be seen in some of the new spring fashions and you are tempted to wonder whether the man who brought Mah Jongg and its fabled history in to prominence has not been the guiding angel in this case. There is a fuzzy cloth used a great deal in spring coats that to the ordinary person would be "teddy" or "pony" cloth, but when it's made into an "up-to-the-minute" coat, you simply must call it Mah Jongg cloth or you will, you just don't know what's in the world of fashion. It's a great deal like camels hair cloth, but it has a softer appearance.

Some embroidery is seen on spring suits, but not to a great extent. It there is any it is on the mandarin coats that are, of course, as oriental as can be, with the wide sleeves, straight loose coats that tie or fasten at the neck and the plain skirts that go with them. These are very girlish and are especially becoming to a young person.

**TANS POPULAR**  
Smartly tailored suits are in vogue for spring and many are made of tans. Tans are greatly used in suits, while a few dark colors, especially dark blues, are for those who like darker things. There is nothing out of the ordinary in any of the skirts, for the wrap around or straight narrow skirt is used mostly, while the touches of originality are shown in the coats. The same thing may be said of ornamentation. It's the cut of the model that fascinates this season as well as the color.

Plaids are used for spring coats more than ever before. Great big plaids of brightly contrasted colors on backgrounds of tan and grey are shown in some models, cut straight and with wide or loose sleeves. Bright colors in fact, you might say colors that fairly scream at one, are often used to line the coats. All shades of green and red are used for this purpose.

And it is not only coat linings that show the influence of bright colors but many of the coats are also of what is known as "high" or "bright" shades. Plaids cannot be emphasized too much. They are shown in all

## THEY'LL WEAR THESE

most every garment made. And they're not tiny checks always, but plaids fully six inches in depth and width are used in coat materials. Strips of contrasting colors are good, but not nearly as popular as the big plaids.

On some of the coats for evening or dress occasion, fur collars are shown, and it is said that they are

especially good this season for spring wraps. The styles seen so far are not much different than what women have been wearing, and the materials are about the same too, with the exception of novelty clothes that are bound to have a run at the beginning of any new season. As has been said before the foremost in novelty clothes is the 'mah jongg.'

## Elks Select Date For Next Formal Party

The next dancing party by the Elks will be held on Easter Monday evening, April 21. It has been announced by the club's entertainment committee. This will be a formal party. Excellent music will be provided.

## LODGE NEWS

Fidelity chapter, Order of the Eastern Star, will hold its regular meeting at 7:30 Wednesday evening. The evening will be devoted to balloting on candidates and other business.

Elk Ladies will meet at 3 o'clock Wednesday afternoon in Elk hall. The hostesses are Mrs. Oscar Kuntz and Mrs. George Ewen.

The Fraternal Order of Eagles will have its regular meeting at 8 o'clock Wednesday night in Eagle hall. Routine business will be transacted.

Officers will be elected at the regular meeting of the Womens Catholic Order of Foresters at 8 o'clock Wednesday night in the Catholic home. A social hour will follow the business period.

## PARTIES

Roller skate races will be held in Armory G Wednesday night to inaugurate the roller racing season. On Tuesday night, a "Night in Ireland" party will be held in the armory.

Twenty-four women employees of the Kresge store will be guests of the management at a banquet at Appleton Women's clubhouse at 6:15 Tuesday evening. J. Limbeck, manager and Russell Maher, assistant manager will attend the banquet. Plans will be made on Tuesday evening for the formation of a club of the Kresge girls in Appleton Womens club.

## TRAIN STALLED IN SNOW THREE HOURS

The northbound Ashland division passenger train of the Northwestern road due in Appleton at 6:12 in the evening, was stalled in the snow at Branch, six miles north of Manitowish, for more than three hours Monday night and was dug out by farmers from the surrounding country. As soon as released the train returned to Manitowish and did not reach Appleton until after midnight.

Among the passengers was the Rev. Ph. A. C. Froehke, pastor of St. Matthew church, who was returning from Manitowish, where he attended the funeral of his grandmother, Mrs. William Sieker, 76, who died Friday at the home of a daughter at Milwaukee.

Because it was too late to attend a meeting of his congregation which was called for Monday evening, the Rev. Mr. Froehke remained over night with Manitowish relatives and arrived home Tuesday morning.

## ORGANIZE KIWANIS CLUB; ZIEGLER IS TEMPORARY HEAD

New Business Men's Dinner Association Will Seek Membership of 50

Organization of a Kiwanis club for Appleton was effected at a meeting of 20 business men in the French room of Conway hotel Monday evening. Temporary officers were elected. With G. D. Ziegler as president, J. L. Johns as vice president, and Walter Hughes secretary treasurer. Thirty members had been assured previous to the meeting and a list of eligible business men was made up out of which twenty others will be chosen. As soon as 50 are enrolled permanent officers will be elected and the weekly luncheons arranged.

Eltinge Elmore of Milwaukee, state organizer for Kiwanis Club International, was present to outline the Kiwanis plan of organization. He declared that its primary purposes are to promote a fraternal spirit among the business men, work for the welfare of the community and promote a closer acquaintance among members.

Mr. Elmore or some other field representative will return here as soon as 50 members are obtained and will assist in starting the club on its way. The organizer left Tuesday for Crandon to form a club there. The preliminary work here was done largely by Mr. Ziegler, V. J. Beyer and Dr. W. H. Meeker.

## SWAMP-ROOT FOR KIDNEY AILMENTS

There is only one medicine that really stands out preeminent as a medicine for curable ailments of the kidneys liver and bladder. Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle. When writing be sure and mention this paper.

## ALDERMEN MEET TO STUDY PARK BOARD

Committee of Six, Appointed by Mayor, Meeting Wednesday Evening

The advisability of creating a park commission will be investigated by a committee of six aldermen, one from each ward at a meeting in the city hall Wednesday evening. The committee, as appointed by Mayor Henry Reuter, consists of the following: Alderman C. D. Thompson Second ward, chairman. Alderman T. A. Wood First ward. Alderman George T. Richard, Third ward. Alderman Charles Pose, Fifth ward. Alderman Jarrie Callahan, Fourth ward. Alderman H. R. Boske, Sixth ward. The committee consists of the same members that constitute the special committee that will investigate the advisability of creating additional wards and combining the offices of one alderman with that of county supervisor except that Alderman Wood is chairman of the latter committee.

**Rail Clerks Meet**  
The Brotherhood of Railway Clerks will have its regular meeting at 7:30 Wednesday night in Trades and Council hall. Routine business will be transacted.

Olive Gehring of Freedom, who has been receiving treatments at Waukegan for the last two weeks, is gradually improving, according to information received by his relatives.

## OPERATION ADVISED FRIEND SAID "DON'T DO IT!"

Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois. "Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me."

I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, "Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation." So my husband got me a bottle right away. Now I have two lovely children. I recommend the Vegetable Compound to every woman. It has helped me and a lot of my friends.

—Mrs. A. MCANDLESS, 1709 South Morgan St., Chicago, Illinois.

## Girls Prepare For Visits To Summer Camps

Plans for the annual camp of Appleton camp fire girls and girl scouts on Onawa island at Waupaca will begin to take form within a few days when Miss Martha Chandler, recreation director of Appleton Womens club learns what dates are available. Miss Chandler has asked that Appleton be allowed to use the island the last week in July, that is from July 19 to Aug. 2. The second choice in dates is from Aug. 2 to Aug. 16.

So successful was the camp for the "teen age" girls organizations last year that Appleton Womens club through its recreation department will sponsor the camp again this year. The camp was made self-sustaining last year with a minimum of cost to the girls. Many of the camp fire groups and scout troops are making an effort to earn their camping money during the year so that they will not have to ask their parents for help.

## Social Calendar For Wednesday

2:30, West End Reading club, Mrs. P. H. Ryan, 786 Franklin-st.

## Miss M'Nevin Here To Coach Local Actors

Tryouts for the play, "The Upper Room" which Columbia club will give at Columbia hall on April 2 and 3 were held at the hall on Monday evening. Miss Rose Ellen McNevin of Chicago who will coach the play, arrived Monday afternoon and began work at once.

No announcements of the cast have been made at this time but preliminary plans are well underway. The date for the play was changed to

## Constipation makes bright children dull—give them relief with Kellogg's Bran

Constipation dulls the youthful mind—makes children backward in their studies—makes them listless—and can lead to serious diseases. Constipation is a dangerous disease.

You cannot afford to take chances in getting relief. You cannot afford to experiment or put off. Kellogg's Bran brings relief—permanent relief if eaten regularly. Even in the most chronic cases of constipation it is guaranteed to bring results. If it fails, your grocer will return your money.

Kellogg's Bran, cooked and krumbled, has brought relief to thousands because it is ALL bran. Remember, only ALL bran can be 100 per cent effective. That is why Kellogg's Bran is recommended by doctors. It sweeps, it cleans and purifies the intestine. It

**BEG PARDON**  
Through a confusion of names, the Post-Crescent Monday erroneously stated that Franklin Sommers was not injured in the automobile accident at the foot of Lawest hill Sunday. He was the person who suffered a fracture of the leg and not Norbert Stammer, the driver.

Mrs. Phillip Kettenhofen returned to her home in Chicago Saturday after visiting relatives here.

April 2 and 3 in order to avoid a conflict with a religious program which St. Joseph church had planned for the weekend.

causes regular, healthy, normal action. For it works as nature works. It is ALL bran.

Have your children eat it regularly—two tablespoons daily—in chronic cases, with every meal. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in the wonderful recipes on every package.

The flavor is delicious—a crisp, nut-like flavor that delights the taste. Different by far from ordinary bran, which are unpalatable.

Begin serving Kellogg's Bran, cooked and krumbled, to your children to day. Eat it yourself. The leading hotels and clubs serve it. Made in Battle Creek. It is sold by all grocers.

## FIRST AID LESSONS WILL BE TAUGHT AT SAFETY RALLIES

"Devil and His Henchmen" Depart from Kimberly, Where Safety Reigns

Special to Post-Crescent  
Kimberly—The yellow division of the safety contest at Kimberly-Clark mill held a meeting Monday noon in the Kimberly club house with 450 present. The meeting was educational as well as amusing, and the people enjoyed it. The program opened with the yellow safety song, "Onward Yellow," which was sung by the crowd.

The next number was a short dialogue by five men, "Fall of King Devil and His Henchmen." One of the men represented the king of the devils. The others were henchmen who represented several things which have been the cause of accidents in the past. One represented a pick-up, the second a piece of shaft, the third a log, and the fourth a nail. All reported the accidents that they had caused in the mill during the year 1923. They were then called upon to report for the year 1924, but could not report any accidents. Their supposed leader then gave them a severe reprimand and told them if they could do no better they should leave town. They then held a council and decided that there was no more work in Kimberly for them as Kimberly had become a safe place.

The next on the program was a duet with violin and concertina by Mr. Schroeder and Mr. Nelson. A Maune then gave a short safety talk. Safety songs were sung to the tune of "Take Me Doodle" and "When Johnny Comes Marching Home." A mixed chorus of ten young people from the mill. The girls wore yellow costumes. This was followed by a short educational demonstration. It showed a man coming in contact with an electric switch and the results. M. G. Hoogman, the safety director of the mill, showed the men how to restore breathing by artificial respiration. He explained why and how everything was done.

Hereafter the programs will be along this line. The men will be taught various forms of first aid.

### PROCEED WITH SCHOOL

Building of the new junior high school will be carried out as originally planned, because public approval has been given to the bond issue for this purpose. The expenditure will be sufficient so the school will be equal to any of its size in the state. Its courses will be such that pupils will be eligible to enter any senior high school.

Cecilian bank of Kimberly will give its next concert April 27 and plans already are being made for the program. A benefit sale will be conducted in connection with the program and the funds will be used for a former member of the band who has been ill for a long time.

### EXAMS HELD

The seventh grade geography class and the eighth grade physiology classes had their final examinations for the year last week. The tests averaged from 3 to 5 per cent higher than those in the past.

The Ladies Aid society met Thursday at the home of Mrs. Emil Bruler.

The Senior Holy Name society of Holy Name church met Sunday afternoon in the school basement. Business was transacted.

The Big Five was defeated Sunday afternoon in the clubhouse by the junior class basketball team of Kaukauna high school. The score was 15 to 14.

### FOR SUNDAY DINNER

Did you read the article in last Friday's Post-Crescent on what Appleton stores have to offer for your Sunday dinner? It gave hints to a good many housewives. Another story will appear next Friday.

### CUT THIS OUT—IT IS WORTH MONEY

Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of FOLEY'S KIDNEY AND BLADDER COMPOUND for coughs, colds and hoarseness, also free sample packets of FOLEY'S PILLS, a diuretic stimulant for the kidneys, and FOLEY'S CATHARTIC TABLETS for constipation and biliousness. These wonderful remedies have helped millions of people. Try them! adv.

## LOCAL TALENT IN ENTERTAINMENT AT MID-WINTER FAIR

Music, Singing and Comedy Will Be Provided Visitors at Exhibition

Kaukauna—Considerable local talent has been enlisted to furnish entertainment afternoon and evening at the mid-winter fair on Friday and Saturday, March 21 and 22, in the high school auditorium. Varied programs of music, singing and comedy will be given to furnish entertainment. The Electric City orchestra has been engaged to play. Others on the program include the Misses Florence Kohn and Violet Redman in vocal and piano numbers, the "famous" Lundstrom trio, known especially to the farmers. The trio includes Everett and Albert Lundstrom and "Camel" Schermitzler, has appeared several times before gatherings and meetings of farmers.

The "hush scene of 'My Little Lady'" which was produced here several weeks ago by the Elks, will be put on again as part of the entertainment during the afternoon. Another rub act has been secured and will be staged by Gertz and Towsey. Plans have been completed to entertain members of the county board and county officials at a 1 o'clock dinner on Saturday afternoon. It is hoped the roads will be open sufficiently to allow the guests to get to their homes in the evening with out the necessity of relying on trains. Impromptu talks probably will be given at the banquet. An effort will be made to be ready to adjourn in the evening in order to give the board and officials the opportunity of spending the afternoon at the fair building.

## Social Items

Kaukauna—The annual Fox club banquet will be held at 6:30 Tuesday evening in the dining room of Hotel Kaukauna. Mrs. Henry Nagel will act as cateress. Entertainment will be provided following the banquet.

The regular meeting of Kaukauna post of the American legion will be held Wednesday in Legion hall. Final plans for the special legion edition of the Kaukauna Times for the last week in March will be made.

A thank-offering meeting of the Women's Foreign Missionary society of Brokaw Methodist church will be held at 8 o'clock Wednesday afternoon at the home of Mrs. H. S. Cook, 512 Catherine street. Mrs. J. R. Denyes, formerly a missionary in Burma, is expected to tell of her work in the foreign fields. Mrs. Ernest Rhodes, Neenah, president of Appleton district, also is expected to be present. Husbands of the ladies have been invited to come to the meeting at 5:30 when supper will be served.

Mr. and Mrs. George Buerth won first prizes at schafkopf at the regular meeting of the M. E. S. schafkopf club Monday evening at the home of Mr. and Mrs. Fred Wiggers. Mrs. A. E. Mayer and William Rader were given consolation awards. The next meeting will be at the home of Mrs. Elizabeth Buerth.

## MOTHERS ENTERTAINED BY CHRISTIAN ENDEAVOR

Kaukauna—Members of the Senior Christian Endeavor society of Reformed church entertained about 65 mothers at a "daughters' only, motherly" social Monday evening in the church parlors. A business session was held followed by a musical program. A piano duet was played by Misses Esther and Laura Mau and vocal duets were rendered by Misses Laura Mau and Olive Jacobson. Refreshments were served in the church basement at which time tokens were awarded the mothers present. Mrs. Charles Staniske, 62, was the oldest mother present; Mrs. Albert Sager was the mother with the largest family while Mrs. Harold Stegman was the youngest mother present. All of the young men of the society were appointed on the entertainment committee for the next monthly meeting of the society.

## BURIAL OF INFANT

Kaukauna—Funeral services for Leroy Stanley, 7-months old son of Mr. and Mrs. Stanley Lizon, who died Friday evening at the home of his grandparents, Mr. and Mrs. August Wenzlaff, were held at 2 o'clock Monday afternoon from the Wenzlaff home. The Rev. Paul Oehlert, pastor of Trinity Lutheran church, was in charge of services. Burial was in Lutheran cemetery.

## NOTICE

The office of the Valley Audit Co., 587 Appleton-St., will be open evenings from 7 to 9, from March 8 to 14th, for the convenience of those wishing assistance in making income tax reports. Phone 1104 or 1060. LEWIS C. SLEEPER adv.

## NO CANDIDATES SEEKING OFFICE

Seymour—The spring election here evidently will be a quiet one. No candidates have announced themselves for any of the city offices, although the terms of a number expire.

Miss Grace Berry is visiting her aunt, Mrs. Gilbert Steward of Milwaukee.

Miss Meta Schulz has taken employment at the cash and carry store.

Harry Stammer has moved his tin shop into the Lawe building in Second ward.

Mrs. Rogan of Sturgeon Bay, is spending a few days with her daughter, Miss Helen Rogan.

Thursday night the Fraternal Reserve association gave an oyster supper to members after the lodge session. Wednesday night the Rebekahs gave a hard time party.

A large number attended the Methodist church Sunday and heard the illustrated lecture on "Pilgrims Progress" by the Rev. G. W. Lester.

Roy Stammer, who is employed at Milwaukee, spent the weekend at the home of his parents, Mr. and Mrs. Edward Stammer.

Distemper has been the cause of death of several dogs in this community.

Mr. and Mrs. Leonard Brugger, who have been spending several months in California visiting, returned home Saturday.

The American legion post, here has decided not to buy the city auditorium of A. L. Otto, the new owner. Mr. and Mrs. Otto were here last week and will take possession March 15.

George J. Prusa is having the Smith building decorated and refinished and will open a meat market about March 15.

Mrs. G. E. Jackson and Mrs. Oscar Bruns of Appleton, are visiting their father, David Sherman and other relatives.

Everett McEain attended the state American legion conference Saturday and Sunday at Stevens Point.

Ralph Tubbs was a business caller at Appleton Tuesday.

## SHIOCTON TO HEAR CONCERT COMPANY

Bidwell Rice Trio Will Appear March 24 in Lyceum Engagement

Shiocton—The Bidwell Rice concert trio will appear Monday evening, March 24 at the high school auditorium. This number has been presented in some of the surrounding cities this season, and proved to be one of the best of the lyceum numbers.

Movie for Wednesday evening at the high school will be "The Fighting Strain."

Mr. and Mrs. Leo Kling moved into rooms in the Kaufman house this week.

A daughter was born to Mr. and Mrs. William Oaks on Friday March 7, and a daughter to Mr. and Mrs. Fred Braun Saturday, March 8.

A party of young people gathered at the Curtis home Saturday evening and tendered Miss Dorothy Curtis a surprise. The event was the anniversary of her 16th birthday. The evening was spent in playing games. Those present were the Misses Madeline Morse, Edna May Town, Jessie Goe, Elsie Siefert, Ramona Curtis, Ruth Johnson, Edna Greenwalt, and Genevra Erwin, Irene Lettman and Bernice Andrews, and Delbert Schwandt, Merl McCully, Thomas Morse, Hiram Hauke, and Millard Conkle, Desmond Steede and Royce and Russell Locke.

Mrs. R. G. Sawyer attended the funeral of Miss Irene Stutzman at Black Creek Sunday, March 2.

Mrs. Ellen Swenson of Ogdensburg is spending the week at the home of her brother, James McLaughlin.

### LEEMAN NOTES

Special to Post-Crescent  
Leeman—S. A. Poole of Shiocton, is spending a few days at his son's farm.

Courtney Waite of southern California, is visiting friends here.

### KAUKAUNA PERSONALS

Kaukauna—Miss Mabel Anderson, R. N. of the National Military home in Marion, Ind., is visiting her parents in this city.

W. Kowalka and daughter of Kenosha, were guests of R. G. Mill Friday and Saturday.

Frank Klerer, who spent the last one and one years attending school in Davenport, Ia., is visiting his home in this city. He recently graduated from the school as a chiropractor.

Miss Laura Kromer returned Wednesday evening after visiting with relatives and friends in Milwaukee.

### Gets Daughter

Frank A. Kraus, who was divorced by his wife, Beatrice Kraus, who charged cruelty, has received the custody of their daughter, according to Mr. Kraus. The child was given him by stipulation between the parties.

## FROEHLKE OCCUPIES PULPIT AT BLACK CREEK

Special to Post-Crescent  
Black Creek—The Rev. Philip Froehke of Appleton, conducted services Sunday morning at Immanuel Lutheran church. The Rev. Fred Brandt of Appleton, will have charge of the services at 10 o'clock next Sunday.

Services are being held at St. Mary Catholic church on Friday and Sunday evenings during Lent.

Mrs. C. J. Burdick was called to New London Saturday morning by the serious illness of her father, J. R. Williams, who died Saturday evening.

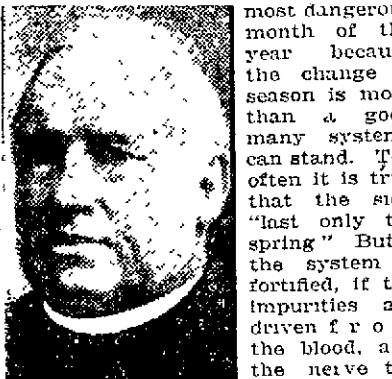

Mr. and Mrs. Julius Sassman and children and guest, Miss Gertrude Halloran, were luncheon and dinner guests Sunday at the home of Mr. and Mrs. John Haus.

Misses Marie Brandt and Edna Schmidt returned Monday from a few days' visit with relatives at Green Bay.

Miss Laura Wildenberg spent the weekend at her home at Little Chute.

### Why March Is Most Dangerous

March is the most dangerous month of the year because of the change of season is more than a good many systems can stand. Too often it is true that the sick "last only till spring." But if the system is fortified, if the impurities are driven from the blood, and the nerve tissues fed with wholesome and strengthening pure food medicine, there is no danger in the change of seasons. Father John's Medicine is invaluable as a tonic in the spring. It strengthens the system and drives out the poisonous waste matter—builds up the body. It is this power that has made it so successful in treating colds and throat troubles. No weakening stimulants, morphine or other dangerous drugs.

OVER SIXTY-EIGHT YEARS OF SUCCESS adv.

## YOUR QUESTION AND ITS ANSWER

QUESTION—"My little boy of nine is plump and undeveloped. He does not romp and play like other children and is sick most of the time. Will Adjustments be good for him? Are they easy to take?"

ANSWER—Recently the Board of Health in one of our large cities announced that an examination of the school children of that city revealed more than three-fourths of them deficient physically or mentally because of spinal effects. Since the cause of so many child ailments is found in the spine, isn't it a sane logical conclusion that correction of the spinal abnormality will correct the cause of the child's physical weakness? That's exactly what Chiropractic will do for your child. If upon examination, we find a condition that needs correction. Spinal Adjustments are easy to take; children take them better than medicine.

## MILLIONS SPENT EVERY YEAR FOR COMMUNITY ADS

Pacific Coast States Spend \$6,000,000 in 1924 for Advertising

Fifty thousand dollars to advertise the state of Wisconsin! To the uninitiated that sounds like a lot of money to spend for advertising something as intangible as the resources of a state. What has Wisconsin to sell that will return a profit on an investment of this magnitude, they ask. What will the people who live in this state "get out" of this expenditure?

Advertising communities is not new. It has been done for years with amazing results for the advertiser and every year more and more money is being spent for that purpose. Advertisers have learned that the returns from printers' ink used to tell the story of a community's resources are beyond all comprehension and every day in every way more stress is being placed on community salesmanship.

**SPEND \$6,000,000**  
The west coast of America probably leads the country in community advertising. More than \$6,000,000 will be expended by the fringe of states along the Pacific ocean this year to get the story of what they have over to the rest of the country. They tell of the country's farming possibilities, its climate, its manufacturing, its scenery, fishing, hunting, living advantages, in fact everything that makes the country desirable. Millions of people read these advertisements and the results are seen in the great streams of people that look over the mountains to visit this widely heralded country. These people spend their money there and many of them, finding advantages they did not have at home, remain there to live.

**CAN'T ALL GO**  
Not everyone can go to California, to Washington for recreation or in search of greater opportunities. There are millions of persons in the great middlewest, the east and the south who long for an opportunity to see other parts and they have the means to go short distances. It is to these people that Wisconsin, Land of Lakes, Inc., will direct its \$50,000 advertising campaign. The publicity matter will tell of Wisconsin as a paradise for tourists, of its great farming possibilities, of its manufacturing and of its people. Last year thousands of people were attracted to the state by a much smaller advertising quota. It is believed the results from advertising will be trebled this year. Outagamie county's share of the \$50,000 state quota is about \$2,600 and the work of collecting this money will be started very soon.

## Flashes Out Of The Air

### TUESDAY'S PROGRAM

(Appleton Times)  
8:15—WTAF 283, Chicago. Concert.  
7 to 7:30—KJW 536, Chicago. Dinner concert. Congress hotel orchestra.  
8 to 8:30—WDAP 3603, Chicago. Ralph Emerson's organ recital.  
8 to 8:20—KJW 536, Chicago. Special program.  
8:40—WMAQ 448, Chicago. La Salle orchestra.  
8:48 to 9:30—KJW 536, Chicago. Musical lecture and demonstration. Morgan L. Eastman.  
9—WMAQ 448, Chicago. Lyon & Healy program; Corydon Smith xylophone trio.  
10 to 12:30—WDAP 360, Chicago. John Loring Cook program; Chapman orchestra.  
10—WJAZ 448, Chicago. Hortense Lechler, soprano; Irving Kaufman.

## Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of the Churches of Christ in America.

**TUESDAY**  
God Longs to Respond to Prayer

Red Mt. 7:12. Text: 7:11. If ye then, being evil, know how to give good gifts unto your children, how much more shall your Father who is in heaven give good things to them that ask him?  
"It is of utmost importance therefore to present praying to men in such a way as to make it seem an immediate feasible way to produce valuable results in the day's work. In this way a growing awareness of God in the work and friendships of daily life will be developed. God can be counted on to respond. Man does not do all the seeking."

**MEDITATION:** In God's great being there are treasures which he longs to give to his children when they are prepared to receive them and use them to advantage. One evidence that we can use his gifts is that we see the need and we ask for them. As a wise father God gives to each child an important place in the kingdom and plans that the personality of each one shall have an opportunity for development.  
**PERSONAL QUESTION:** Does God answer my prayer?  
**PRAYER:** Eternal God, whose mercies are over all thy children and whose love seeketh us in all our days, turn, we pray thee, our faces towards the light of thy countenance. May we live in thy spirit this day, O Lord, Amen.  
(Copyright, 1924—F. L. Fagley)

## "FAMILY" OF RECORD SIZE BORN AT FARM OF JOHN CARPENTER

Leeman—John Carpenter, town of Maine, farmer, came into sudden possession of a family of record size. A Chester White sow gave birth to 23 pigs, one of the largest litters known to this section. He is rather proud of the way he will be able to supply the packers with pork some future day.

tenor; William Dillon, baritone; Amanda C. Burhop, pianist; Oriole Dance orchestra.

## FOR SUNDAY DINNER

Did you read the article in last Friday's Post-Crescent on what Appleton stores have to offer for your Sunday dinner? It gave hints to a good many housewives. Another story will appear next Friday.

## MOTHER!

Child's Best Laxative is "California Fig Syrup"

Tongue Shows if Bilious, Constipated

Hurry Mother! Even a fretful, peevish child loves the pleasant taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow.  
Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" for you may get an imitation fig syrup.  
adv.

## DALE YOUTH MAKES PARACHUTE JUMP

Oscar Pribbernow Is in Daring Aviation Work at Rantoul, Ill.

Dale—Some daring parachute jumps have been attempted by Oscar Pribbernow of Dale, who is in the United States army air service at Chanute field, Rantoul, Ill. He was successful in a descent of 2,000 feet from a bombing plane, traveling about 40 feet downward before the parachute opened.

Pribbernow left Monday from Rantoul for San Francisco and goes from there to Honolulu. He expects to be absent from this country for several months.

A daughter, Yvonne Marie, was born on Thursday to Mr. and Mrs. Louis Sibert of Waupaca. Mr. and Mrs. Sibert were former Dale residents.

Miss Velda Stocker of Milwaukee, spent a few days here last week. Miss Lenore Daufen spent the weekend at Oshkosh.

Peter Phillip transacted business at Appleton Saturday.  
August Stocker has sold his house on West Main-st to Miss Lenora Daufen.

Mrs. Augusta Nelson, Birdell Nelson and daughter Nera and Arlo Nelson attended the funeral of Mrs. Barney Nelson at Woodruff Saturday.

A daughter was born to Mr. and Mrs. Donald Wolrath March 6. The infant lived only a few hours.

The Five-hundred club met with Mrs. Goldie Kaufman Thursday. Miss Velda Kuehn and Mrs. Arlo Nelson won the prizes.

The Misses Ethel and Calla Griswold of Fond du Lac, spent the weekend with their parents, Mr. and Mrs. Don Griswold.

Mrs. Oscar Roessler and son Frank returned to Appleton Sunday after spending a few days at the home of Mr. and Mrs. Frank Grossman.

Lora and Viola Bock spent Sunday at Waupaca.  
Leonard Staecher of Green Bay, spent Saturday and Sunday at the Don Griswold home.

The newly organized Owls' club held its first meeting Saturday night at the president's office. The membership so far numbers four. New members will be welcome.

Leonard Pribbernow spent the weekend at Waupaca.  
Miss Pearl Wiley, who has been visiting at the Borgardt home returned to Oshkosh Saturday.

### A Weird Tale!

One of Zana Grey's most exciting short stories—"Tiger"—a tale of ranch life and the jungle—is only one of the many interesting stories and features to appear in the Saturday Evening Magazine Section of The Sunday Milwaukee Journal next Sunday. Don't miss it!

APPLETON, WIS.

## Choose Street Names That Can Be Pronounced

The United States postal department is as much interested in the changing of street names as in the choice of names for cities and villages. Chief among the suggestions given by the department is that the name chosen be one that even the worst penman can write. The Indians are dead but their atrocities live on. A man will write to his mother in law in Appleton, Wis., before he will write to his best friend in Natick, Mass. Mistakes occur in addresses that make the reading of them perfectly impossible, and this is true both as to names of cities and villages as well as to names of streets. Even Appleton is not free from some of the unpronounceable and unwritable names.

## WINNEBAGO CO SPENT \$4,182 FOR OPENING ROADS

Winnebago co spent \$4,182 47, or about 6 cents per person, for removing snow from its highways during the winter, it was reported to the Winnebago co board of supervisors. This is for actual labor and actual costs and does not include purchase of a tractor and snow plow. The tractor also will be used for summer work.

It was argued that snow removal is not as expensive as most people suppose and it is probable Winnebago co will take steps toward making more roads available for winter travel.

## Home Made Remedy Stops Bad Coughs

Get rid of that persistent tough cough before it gets rid of you. Follow this advice and make your own supremely good pleasant-tasting cough mixture that all the family, including the children, can take.  
Get from Schintz Bros Co or any druggist one ounce of Parment (double strength)—to this add a little granulated sugar as directed and enough water to make one half pint—that's all there is to it.

With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough and all be cause in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing, healing poultice and blessed relief comes at once. adv.

## NEED IMPORT LICENSE TO SEND PARCEL TO RUHR

Sending of parcel post in the occupied Ruhr district is now possible, according to an announcement of the United States postal department received at the Appleton post-office. It is necessary, however, for the addressee to obtain the required import licenses in cases of parcels for the occupied territories. Hence senders should advise the addressee of the intended shipments as early as possible. If the addressee will send the import licenses to sender to be placed inside the parcel, the Berlin government will have no objection as long it is noted on the cover and in the customs declaration that the package contains a license.

**More Summer Homes**  
A new summer residence district is to be opened at Brighton beach in the near future according to Joseph Steidl owner. Twelve lots lying east of the present bathhouse are to be filled in and will provide sites for new summer homes.

## To Help Girls

Multiply their beauty—as did I  
By Edna Wallace Hopper

I was a plain girl, as my girlish pictures show. But I made myself a famous beauty. I became the rage. Now, after 40 years in the limelight, I remain a beauty still. To all who see me on the stage and elsewhere I look like a girl in her teens.  
I owe this to my mother. She went with me to search the world for the greatest beauty helps in existence. She also lived a life of glory, due to beauty and perennial youth. Since then I have helped many girls and women to similar results. Now I am placing the helps I found at every woman's call.

**White Youth Clay**  
My rosy clear complexion is due to White Youth Clay. Not like the crude and muddy clays so many still employ. This is a superclay, refined and dainty, perfected by 20 years of scientific study.

Clay purges the skin of all that clogs or mars it. It renews and revives—brings that rosy afterglow which so amazes and delights. It firms the skin, combats all lines and wrinkles, reduces enlarged pores. It is bringing to millions multiplied beauty and decades of added youth.

But my White Youth Clay, perfected by French experts, does vastly more than any old-type clay. Every girl and woman should employ it as a duty to herself. The cost is 50c and \$1.

**My Facial Youth**  
My Facial Youth is a liquid cleanser, now famous the world over. The greatest beauty experts use this formula today. It contains no animal, no vegetable fat. The skin cannot absorb it.

## INCOME TAX EXPERT HERE TO HELP MAKE REPORTS

Special assistance in filling out income tax reports, especially for corporations, is available at the office of the United States internal revenue collector in the city hall here. David A. Matteson, an inspector in the internal revenue department, will be here until Saturday, the last day for filing reports, to assist R. C. Fairbanks, collector stationed here, in helping taxpayers make their reports.

## STEVENS POINT STATION STARTS BROADCASTING

Radio messages have been picked up stating that markets would be broadcasted from the Department of Markets stationed at Stevens Point not later than 8:45 Tuesday morning. This station is the one formerly operated at Waupaca and has just received its license to operate at Stevens Point.

## Adventures Of The Twins

**Cold Pease Porridge Hot**  
"There is one person we must go to see before Mother Goose comes home, children," said Daddy Gander to the Twins, "and that is the Crooked Man."

"What does he live?" asked Nick. "At the corner of Crooked Land and Ziz-Zar Street," answered Daddy. "And his house is so crooked that when you enter the front door you see yourself coming out of the back door."

"Oh, Daddy Gander, I don't believe that," laughed Nancy. "Well!" Daddy Gander shook his head. "Maybe it isn't quite so bad, but it's almost."

"Well, well, well!" the Crooked Man exclaimed. "I'm just as glad to see you as if you were Santa Claus. Thomas Stout and I were just having an argument and perhaps you can help us out."

"What was it about?" asked Daddy Gander, hanging his high hat on the crooked hatrack.

Nancy and Nick sat down on crooked little stools to listen.

"Thomas here says that the Man in the Moon couldn't possibly burn his mouth on pease porridge if it was cold," said the Crooked Man.

"No more he could!" declared Mister Stout with a wag of his head. "It's ridiculous to speak of such a thing."

"Well, I argue," went on the Crooked Man, "that it could be stone cold and yet be full of pepper. And that would certainly burn his mouth. Or he may have put mus-

Although I am not going to tell my wife until I have to. I am just as sure as I am sure that I am writing this to you, that Leslie will keep that baby under any circumstances. She might not forgive me, but that won't make any difference in her feelings toward the child. Leslie has a great sense of justice and she will know that the boy is not to blame.

Funny old world, isn't it, Syd? Who would have thought that Paula Perier would become a great moving picture actress? And yet I guess she always had it in her. God knows she had temperament enough as well as brains, and she was clever always and very beautiful.

I was very fond of her, Syd, and had I never met Leslie, possibly I might have—oh, what's the use of wondering what you would do if circumstances had not turned out as they did.

I haven't been able to eat anything for a week. Every time I think of that damned picture I get so ashamed that I am almost nauseated. The times are changing, Syd, although most men have not found it out yet. We are going to suffer for our misdeeds in the future. Instead of the women. My case proves it to me for all time. "Ware! Low bridge, old fellow, if you do not want to get your head smashed."

All of Albany is talking about me. I walk along the street and see people whispering to each other and I hear my name. I want to hide my head but I cannot. And out there in Hollywood, Paula Perier is hailed as the coming great actress of the screen. I saw a paragraph the other day where she was said to be drawing down five thousand dollars a week with the sure prophecy that it will be more before the year is out.

(Copyright, 1923, NEA Service, Inc.)

**TOMORROW:** Leslie Prescott's letter to Ruth Ellington—Jack's love for the baby.

"Tush! Tush!" interrupted Thomas. "There you go again, my friend! Chili-sauce would only make it more chilly. How could he possibly burn his mouth on that?"

"Oh, pshaw! You can't argue at all!" said the Crooked Man. "I know a riddle," said Nancy suddenly. "What can go down the chimney up or down the chimney up?"

Well, they riddled everything, but nobody could get the right answer.

"An umbrella!" declared Nancy. "Everybody had forgotten about the Man in the Moon and whether he could or couldn't burn his mouth."

"I guess we'll be going," said Daddy Gander.

And do you know, it was half past nine that night before he remembered about helping the poor Crooked Man to clean his house.

# LARGE DEPOSITS OF MARL FOUND IN OUTAGAMIE COUNTY

Farmer's Tumble While Cross-  
ing Creek Leads to Accident-  
al Discovery

BY W. F. WINSEY

Near the main highway connecting Bear Creek village with Clintonville, in Outagamie-co., and also near the New London-Shiocton highway, mail deposits of large, but unknown area and great depth were accidentally located last fall. The find has caused considerable prospecting by the discoverer in both localities, designed to determine the ramifications and extent of the marl beds.

Neither of these marl beds is at the bottom of a lake nor in a swamp making them inaccessible and useless as most marl beds are, but are comparatively near the surface in pasture fields. The discovery of the marl bed north of Bear Creek was made unexpectedly when a man out for a stroll in the fields jumped across a creek and in so doing missed his footing and sank to his middle in what he at first thought was ooze or muck. In extricating himself, he was amazed at the color and peculiarities of the material with which his clothing was daubed, and also with the ease with which he washed away all signs of his misadventure from his clothing. He has since proved to his own satisfaction and that of other experimenters by washing other clothing, woodwork, windows and grease-be smeared machinery that either by virtue of the grit contained in the marl or some unknown element, that the marl is a first class cleanser.

**97 PER CENT PURE**  
Marl from these beds does not become hard and solid when exposed to the air, but disintegrates and becomes powder similar to the dust of chalk out of which blackboard crayons are made.

Samples of marl from the bed north of Bear Creek have been analyzed by specialists of the agricultural colleges of Minnesota and Wisconsin and have been pronounced 97 per cent pure fertilizer.

It is the opinion of those interested in the marl beds recently discovered, that they will prove to be a very valuable and inexpensive source of supply for farmers of Outagamie-co. who have found that their soil is acid.

## NEW LONDON CONDENSERY SETS RECORD FOR 1923

New London — A stream of white gold worth \$2,000,000 poured into the Borden condensery here during 1923, breaking all records for milk receipts by 10,000,000 pounds and establishing new high mark for the condensery.

Enough evaporated milk was manufactured here in 1923 to provide two cans in every kitchen in the United States and still have a few million cans left over for starving Germans. Approximately 77,500,000 pounds of milk were received during 1923 from 1,200 dairies; reports of officials made public today show. Dairymen were paid \$1,800,000.

More than 50,000,000 tin cans were manufactured to hold the finished product. Railroads received about \$125,000 for hauling the 1,100 cars of milk to market and for delivering the 7,500 tons of coal necessary to evaporate the milk.

## MEMBERSHIP CARDS ARE READY FOR SAFETY CLUB

Memberships cards and enrollment blanks for the Safe Drivers club of Outagamie-co. have been printed and are obtainable at the chamber of commerce office by all motorists who desire to join.

Cards are of small size so as to be carried in the pocket and contain the name and address of owner. The back contains the creed of the club member.

Officers of the club will meet as soon as the by-laws and rules are printed, and then will arrange a membership campaign among those who do not join in the meantime.

## PUT OSHKOSH MAN ON C. OF C. TICKET

Valley Will Boost A. L. Osborn  
for Director of National  
Commerce Chamber

Appleton Chamber of Commerce has succeeded in its efforts to place a man of this locality in nomination for director of the Chamber of Commerce of the United States. The name of Albert L. Osborn, prominent Oshkosh lumberman, has been certified and he will be listed on the ballot at the annual meeting at Cleveland in May.

Mr. Osborn's selection was made because of his qualifications for the department of national resources production, where there will be a vacancy of the directorate. Reforestation is one of its biggest problems and Mr. Osborn is a leader in this work. Secretary Hugh G. Corbett obtained Mr. Osborn's permission to submit

his name and then prepared the necessary papers and had them certified. It was necessary to obtain signatures of five chambers of commerce. The cities signing are Appleton, Oshkosh, Wausau, Fond du Lac and Waupun. A number of others were willing to sign, but further endorsement was not required.

Mr. Osborn is president of Medford Lumber Co., and vice president of Mellen Lumber Co. He is director of the National Lumber Manufacturers association, Wisconsin Manufacturers association. He also is a member of the forestry committee of the National Lumber Manufacturers association.

## COW TESTING CLUB ORGANIZED FOR YEAR

At a meeting of the Ellington cow testing association at the home of W. L. Laird Shiocton, the members reorganized for the coming season and elected the following directors: Dennis J. Jalloran, Shiocton; John Spears, Shiocton; William Berger Shiocton; J. P. Fassbender, Hortonville; Louis Knaack, Black Creek; Louis Nichols, Black Creek. The board elected John Spears, president, Louis Nichols, vice president and S. A. Laird secretary and treasurer. Last year, the association had a membership of 26 dairymen and the

same number is expected to join this year. H. C. Searle, Fond du Lac state cow testing association organizer and W. E. Smith, Appleton, were present at the meeting and spoke on the advantages of testing association to the individual dairyman and to the community.

# Why SOLITE (REG. U.S. PAT. OFF.) A PERFECT GASOLINE Is Faster

MANY motorists are so enthusiastic and so well pleased with the additional speed which they get from their engines with Solite in the tank that they are not greatly concerned in the reason why.

Other motorists are interested to know.

The outstanding reason is that Solite drives the piston the full stroke under power, which is so unusual in a light gasoline as to be remarkable.

The basic reason is that Solite is made by the Burton Cracking Process.

By means of this process, discovered and developed in the laboratories of the Standard Oil Company (Indiana), this Company is able to control the vaporization of Solite.

There are ample fractions to vaporize at just the right point for instant starting—a quick get-away—and smooth acceleration—but in addition, Solite contains the correct arrangement of boiling point fractions to vaporize at just the proper temperatures to produce full power and racing speed, and, what is more important, to sustain such power and speed.

Sustained power is a rare quality in a light gasoline. We have achieved it in Solite by using the Burton Cracking Process.

Solite is a superior fuel. You can prove this by trying it in your car. This is a good day to prove it.

For a light gasoline, Solite is low-priced—

# LAWRENTIANS WILL OFFICIATE IN CAGE TOURNEY

## Wrestling, Swimming, And Diving Events Add To 3-Day Attractions

Championship Contests Will Be Played Saturday Night: Appleton High School Regarded As Favorite.

Officials of the district basketball tournament scheduled for Appleton March 13-15, have been appointed and are all set for the opening of the tourney. A. C. Denney, athletic director of Lawrence college has been appointed district tournament manager, and T. Treuse, his assistant will handle the financial end of the three-day meet. (Women's) Law Lawrence will referee the contests assisted by Nordby who will act as umpire. Cooke and Rehben will be scorers and Olsson and Morrison will hold the rope watches.

Paul Wyman, referee, together with Umpire Nordby, F. Treuse, Harry Schuster and M. C. Reimer have been chosen as the committee for the selection of an all-tournament team.

Flom, Rosenberg and Fischbeck are the athletic managers. Twenty-six prizes, at present displayed in the show windows of A. Galpin Sons Hardware Co., will be awarded. This ceremony will be attended to immediately after the final game of the tournament by the athletic board. There is a cup and 8 golden medals for the championship team, eight silver medals for the team taking second place and eight bronze medals for the third place quintet. The All-Tournament committee will award a large banner to the team displaying the best sportsmanship during the meet.

**APPLETON IS FAVORITE.** Appleton high school is regarded as the favorite to win first place and sportsmanship, but several of the other teams will give the Orange a hard run for honors.

Brandon meets New Holstein Thursday afternoon in the opening battle of the series. West Green Bay and Tigerton lock horns that same afternoon, while in the evening Appleton and Menasha clash in the first game, with Kaukauna and Wittenberg following. In order to be eliminated, a team must have lost two games.

Friday afternoon the loser of the first Thursday afternoon game will meet the loser of the second, and the two losers in the Thursday evening games will clash Friday afternoon also. On Friday evening the winners will meet in the same order.

The final contests for first, second and third place will be played off Saturday evening.

**PLAY IN ARMORY G.** All contestants will be staged on the Armory G court and to accommodate the large crowds expected, bleachers have been brought from Lawrence athletic field and set up around the floor.

In addition to the basketball games, an all-campus swimming and wrestling tourney for Lawrence collegians will play a big part in the entertainment. Entries for the swim tourney were closed Tuesday.

More than 30 men had expressed their readiness to enter. The swimming and diving events will be staged in the T. M. C. A. pool. There will be competition in the 20-yard dash, any style, 40 and 100-yard any style, 20-yard breast stroke and plunges for distance.

Plain front, swan, front jack knife and two optional dives complete the diving events, which will be open to the public.

**MAT PROGRAM PLANNED.** The wrestling bouts will be held in the wrestling room of Alexander gymnasium. Lee and Wilcox will grapple in the 115 pound class, Schindler and Kane in the 175 pound class, Anderson and Hawkins in the 125 pound class, while the highest bout of the program will be between Packard and Blackburn in the unlimited class.

Collings and Edwards, 133 pounds, Taylor and Nobles at 155 and Purvis and Clayton at 145 pounds.

Medals to be awarded in these events are on display at the A. Galpin Sons Hardware store on College ave., with the tournament trophies.

## CROOKS CIGARS WIN FROM RUTH KEGLERS

Crooks Cigars Monday night took the Ruth Keglers to a close fight out of three games in a match rolled on the Olympic alleys here, and won the match by a margin of 141 pins.

Both teams were slightly off form, their usual totals being somewhere around 2700, but the Appleton team was the more consistent in its game, and topped the inning.

Representative of the incoming team started with 553 pins to his credit. T. Van Able, anchor of the Crooks Cigars rolled 573 for second place.

Following are the scores:

Ruths Keglers		Won 1 Lost 2
D. Marx	104	176 455

## DODGERS CLASH WITH CARDS IN FIRST CONTEST

Ruth, Shawkey and Bush Arrive with Scott and Schang at New Orleans

By Associated Press  
Chicago — The first game of the year between Major league ball clubs is to be played Tuesday between Brooklyn and the St. Louis Nationals at Bradenton, Fla., the Cardinals' training quarters. Manager Rickey announces Haynes will start the game with Vick receiving.

Babe Ruth, Bob Shawkey, Joe Bush, Deacon Scott and Wallie Schang arrived Monday at the Yankee training quarters at New Orleans. Earl Combs "the Louisville slugger" is expected to follow them into camp Tuesday.

The Pirates regulars lost another game Monday at their training camp at Paso Robles, California. The Yankees won, 12 to 5, in the fifth game, making the series three to two in their favor.

August Herrmann president of the Cincinnati Nationals on his arrival at Orlando, Fla., Monday night, said Jack Hendricks was the choice of the team and a contract would be signed as soon as the treasurer arrived from Pittsburgh, where he went to attend the funeral of the late manager, Pat Moran.

### PLAYERS BALK AT ORDERS

The absence of Manager Frank Chance from the Chicago American camp at Winterhaven, Fla., has intensified the difficulty in the handling of the players. Bib Falk, Texas recruit, Monday declined to do mound duty. Instead of warming up and pitching as he was ordered to do, he spent his time in batting practice. It is reported the condition of Chance's health will not permit his taking charge of the team on March 15, according to schedule.

At the Chicago National camp at Santa Catalina Island, Calif., Manager Killifer is applying the lessons learned from the week-end exhibition games at Los Angeles. Vic Keen, former University of Maryland star, is back in pitching practice after recovering from a sore arm.

Joe Shaute, Monday developed "Charley horse" in the first intensive workout of the Cleveland Indians at Lakeland, Fla. of five pitchers in the batting practice three, Schaute, Edwards and Smith, were left-handers. Coveleski and Metevier completed the quintet.
